

MAY MOVE DEPOT IN SPITE OF NEW BUS-CAR ORDER

P. E. Representative Tells of
Plan to Put Station on
Second Avenue

STREET CARS STILL RUN

C. E. Moser Puzzled Over the
Eleventh Hour Change
in Decision

In spite of the fact that street cars are connecting Upland with Ontario instead of motor buses, as was scheduled, the work of moving the Pacific Electric Euclid avenue depot to Second avenue will probably continue, it was learned today from one of the company's employees.

Clair E. Kirk, secretary of the chamber of commerce, in conversation with the Pacific Electric official, was advised that the depot will be changed according to previous plans, and that a "Y" might be constructed enabling the Upland-Ontario cars to go on the San Bernardino line tracks to Second avenue.

Cleo E. Moser, Pacific Electric agent here, said that as far as he knew this plan was not being seriously considered. Mr. Moser could not give out any information about the cause of the eleventh-hour order delaying the change. Two Pacific Electric officials from the Los Angeles office, were here yesterday, but they were reticent about talking on the transportation situation. About eight hours before the motor buses were scheduled to ply between the two cities, Mr. Moser late Wednesday night was advised to keep the cars running on schedule. The order came from the Los Angeles office of the company, but the cause of it is unknown.

UPLAND LIONS TO ATTEND AIR MEET

Big Delegation Will Go to
Event Thursday at
Inglewood

At the meeting of the Upland Lions Thursday at the Sycamores seventeen signed up to go to Los Angeles next Thursday for the big banquet that the Inglewood Lions' den will stage in connection with the national air races. William Kempen of Inglewood Lions' den was president and explained about the plans for the banquet, which will be attended by 1500 Lions from the Southland. Col. Charles Lindbergh, himself a Lion, will be one of the guests.

After the banquet the Lions will witness the air events. President Wiley W. Mather, back from his vacation, again presided and called upon Vice President J. Emory Sargeant, who has been holding the reins of office during August, to say a few words about his recent trip to the northland. Ralph Almquist was program chairman and introduced Richard T. Baldwin as luncheon speaker. His topic was "The Lure, Liability and Lastingness of Travel." Everyone should get and keep the thrill of wanting to see his own and even other-lands and make the sacrifice that will enable one to travel and see part of the world. Some of the liabilities of travel, said the speaker, are the dangers of becoming restless and not settling down to a real community life and achievement after travel; of getting a false balance of life, and of developing a feeling of contempt for places and people; not so favorably located. The "last-ness" of travel he declared to be the imperishable memories that come from seeing other parts of this great United States of America—"America the Beautiful." Trips to other states make an impression that often changes one's whole viewpoint. Tolerance and bigness of mind and soul come from contacts with those of other areas.

Combined Tax Rate in Cities

Following is a table showing the tax rates for all the cities of San Bernardino county for last year and this year. The last column, in black type, contains the combined total for this year:

	City Tax	School Tax	Cnty Tax	Grand Total
Upland	27-28 28-29	27-28 28-29	27-28 28-29	27-28 28-29
San Bernardino	2.00	2.25	2.20	2.83
Redlands	1.40	1.40	2.07	2.83
Ontario (new)	1.88	1.83	2.26	2.83
Ontario (old)	1.90	1.85	2.26	2.83
Colton	1.38	1.38	2.76	2.83
Rialto	1.10	.975	2.15	2.83
Chino	1.60	1.60	2.35	2.83
Needles	1.00	1.00	2.20	2.83

It is impossible to make a comparison between the Redlands city rate and the rate of other cities for the reason Redlands makes its own property valuation assessment and does this by doubling the assessment made by the county in Redlands city.

Rialto city uses the same system as Redlands, doubling the county's assessment for city purposes.

Chino city makes its own assessment and has adopted a basis of approximately 50 per cent of the value instead of 33 1-3 base used by the county for county purposes.

CITY TAX RATES

Upland: \$7.29, increase of 2 cents.
County-wide reductions in tax rates have been ordered for the fiscal year 1928-29. Here is the total combined rate in the cities:
San Bernardino: \$7.094, cut of 24.6 cents.
Redlands: \$6.23, cut of 31 cents.
Ontario: \$7.06 and \$7.08, cut of 15 cents.
Colton: \$7.01, cut of 27 cents.
Rialto: \$6.055, cut of 33.5 cents.
Chino: \$6.93, cut of 16 cents.
Needles: \$5.913, cut of 42.7 cents.

DRIVE FOR AIR FUNDS DELAYED

Legion, Chamber, Airport Of-
ficials Discuss Flying
Project

So generous has been the response among local residents in subscribing for stock in the Legion Airport corporation that a general campaign to raise funds for the community flying field has been postponed for two weeks, it was decided last night at a combined meeting of the American Legion officials, the chamber of commerce and the corporation directors.

And while the money is being raised, leaders in the airport movement will scan the southland territory getting ideas as to the best method of improvements and developments.

Clair Kirk, secretary of the corporation, was authorized to attend the third aeronautical conference of the California Development association in Los Angeles Thursday. William R. MacCracken, Jr., assistant secretary of commerce for aeronautics, will be there.

Representatives of the local organizations will visit Mines field next week. Other airports will be visited during the next few weeks. Those at the meeting were Bruce Moore, Robert Kilndt and Jack D. Howe of the Legion; J. W. Mehl of the chamber of commerce, and Harold C. Moore, Clair E. Kirk, H. H. Thomas and G. A. Hanson, directors of the corporation.

Mrs. Jenison Back From Eastern Trip

It may be warm here, but Mrs. C. H. Jenison of Fifteenth street and Mountain avenue believes it is warmer in the east and "she is glad to be home—not back east."

She returned this week from an extended visit with relatives and friends. She visited her brother, O. P. Brown of Union Center, N. Y., and both of them went to New York City. Her sister was visited in Jackson, Mich.; a son, L. E. Jenison, was her host at Denver, Colo., and another sister, Mrs. R. W. Curtis was visited at Cederside, Colo. She visited many other cities in the east and middle west.

During a false balance of life, and of developing a feeling of contempt for places and people; not so favorably located. The "last-ness" of travel he declared to be the imperishable memories that come from seeing other parts of this great United States of America—"America the Beautiful." Trips to other states make an impression that often changes one's whole viewpoint. Tolerance and bigness of mind and soul come from contacts with those of other areas.

Upland News Will Become Semi-Weekly

Beginning next Tuesday, Sept. 11, The Upland News will return to its former plan of two issues a week. The paper will be published on Tuesdays and Fridays.

The new management (new on July 1) has made this change in policy of publication only after very careful consideration of all the factors involved and after endeavoring to find the desire of the people whom The News serves. The home newspaper is here to be the servant of the community and we have been guided in this decision by the wishes of our readers and advertisers.

Cities of the size of Upland usually cannot maintain a semi-weekly and certainly not a daily. Only the fact that Upland has a very forward looking group of businessmen makes it possible for us to attempt the publication of two issues a week. With their loyal co-operation we shall hope to make the twice-a-week a vital factor in the life of this entire section.

Great credit is due Wm. E. Westland, whose life was built into The Upland News, for his pioneer work in making it a very successful twice-a-week paper for nine years (until January 1, 1928). The semi-weekly paper is his memorial—and a very fine one it is. Mr. Westland has been exceedingly kind and helpful to the new editor and we here pay him the tribute of being one of the finest newspaper men we have ever met.

We again ask the loyal help and co-operation of all in the publication of the semi-weekly. The paper is yours and you must help build it.

Please remember that it is physically impossible to make two papers a week the size of the weekly. The Upland News has its limitations and the Tuesday paper will necessarily be small. We shall start it with four pages. But even if small it will be "hand picked" Upland news, fresh from the garden of the every-day happenings of this splendid community. The Friday paper we hope to make eight pages.

F. D. Young Again Heads Forecasters

Opening his twelfth year as senior meteorologist in charge of the minimum temperature forecasters in the citrus belt of Southern California, Floyd D. Young, of the United States weather bureau, will again be in charge of this branch of government activities throughout this district during the coming year.

Mr. Young has made his headquarters in Pomona this summer, where he has been busy compiling data which will be of value to the citrus growers in protecting their fruit against frost.

This valuable treatise, which will be ready for the citrus growers at an early date, will be printed in The News before the forecasting activities are begun here in November.

Mr. Young states that Roy J. Rogers, who has been in charge of the Upland forecasting station for two years, will return here again in the fall and that he will again have under his supervision the key stations at Cucamonga, Alta Loma and Etiwanda, as well as the Upland key station, which was situated at Seventh and San Antonio avenue last year.

FLOYD D. YOUNG
Meteorologist

With the advent of the government men, citrus growers who hitherto had known very little rest during the cold spells went to bed at night secure in the knowledge that their groves were being carefully guarded against possible dangers from freezing temperatures.

The meteorologists are on the job approximately four months, from November to March 1st, inclusive, or longer if there is the remotest possibility of danger.

Mr. Young has seven assistants, who serve the districts of Upland, Corona, Redlands, Azusa, Whittier, Santa Paula and Lindsey. These men will arrive in Southern California the latter part of October in time to conduct the preliminary necessary for the winter's work, which, it is most interesting to note, means the broadcasting by radio every night of the probable minimum temperature for the following morning of some 45 key stations in Central and Southern California.

Members of the Order of Eastern Star of Upland were honored Thursday afternoon and evening at a rousing picnic given them at Fairmont park at Riverside. A company of 190 Stars and Masons and their families assembled for the big event, which was one of the finest ever staged by a local fraternal order.

WHITNEY BOOSTS C. OF C. FROM PARIS

Community loyalty extends far and as the result this city is linked with Paris, France, through A. B. Whitney, who is vacationing in the foreign city. Mr. Whitney enclosed a \$5 check for a membership in the Chamber of Commerce.

No other word was received by Clair E. Kirk, secretary, but the check was a mute expression of Mr. Whitney's loyalty to the city. The money will cover his dues for the year 1928-29.

Other cities are laid out like a picture in the valley below. Part of the trip up Mt. Lowe takes the traveler up the incline where cables lift a car a distance of 1240 feet upward, while it travels a length of 2,800 feet. The grade at one point is 62%. Because of the extreme precautions that are taken for safety, there has never been an accident, although one million people have been taken up the slope that rises almost cliff-like above you.

Preceding Mr. Moser's talk, Chas. Latimer of Ontario, chairman of the grape clearing house committee of the 16th district, spoke briefly on the grape situation. Marketing has just gotten under way, but by next week the volume of shipping will be in full swing. Market conditions are far from satisfactory but by sending only the very best quality fruit and keeping 75% of the grapes on the vines, it is hoped to raise the price level materially within the next 30 days. Educating of the growers to ship only the best fruit will do much to improve conditions, stated Mr. Latimer. The growers of this locality, he said, are better situated than those in other sections.

President Chas. V. Barr presided in the dual capacity of both president and program chairman for the day. Richard Huxtable of Strathmore, former Upland resident and well known pioneer of this locality, was a guest and sat between his two nephews, A. L. Moore and Harold C. Moore. The club members greatly enjoyed having Mr. Huxtable present and he also found great pleasure in reminiscing with the local Rotarians.

Uplanders Invited

Uplanders have been invited to participate in the National Air races at Inglewood and a special chamber of commerce dinner is being planned for September 15, according to a letter received by Clair E. Kirk, secretary of the chamber here.

The dinner will be at noon, with special badges to designate the Upland visitors.

UPLAND TAX RATE COMING YEAR IS PLACED AT \$7.29

An Increase of Two Cents Is
Made Over That of
Last Year

FIRE TRUCK AIDS BOOST

Low Valuations Here Prevent
Taxes From Being
Burdensome

Upland property owners will pay taxes during the coming year at the rate of \$7.29 on the \$100 of assessed valuation, an increase of 2 cents over the rate of the past year. The figure was made public this week when the board of supervisors fixed the county rate. Although the supervisors effected a cut of 24 cents in the county rate, the combined Upland rate is still slightly higher than last year, due chiefly to the fact that the city council found it necessary to increase the city rate 5 cents, and to a further addition of 20 cents, which was approved by the city's electors last spring when they voted a special tax for the new fire fighting equipment, and to the fact that the school rate was boosted one cent.

Although Upland's rate looks high, it is pointed out that assessed valuations are extremely low here and that for that reason taxes do not prove a burden.

Although Ontario's city rate was cut 5 cents and the county rate 24 cents, the combined Ontario rate of \$7.06 shows an actual reduction of only 15 cents, due to the fact that the Ontario school rate was boosted 15 cents, as against one cent for Upland.

The complete table of tax rates in the county is found elsewhere in this paper.

EASTERN STARS ARE GUESTS OF MASONS

Women's Order Honored at
Unusual Picnic at
Riverside

Members of the Order of Eastern Star of Upland were honored Thursday afternoon and evening at a rousing picnic given them at Fairmont park at Riverside. A company of 190 Stars and Masons and their families assembled for the big event, which was one of the finest ever staged by a local fraternal order.

Men ruled the party from beginning to end. A committee of Masons headed by Gilbert Cline provided a right royal supper that will be talked about for some time to come. A "serve self" line-up took the big crowd of men, women and children past great supplies of delicious food and the arrangements were worked out even to the envy of the women.

At the close of the dinner Mrs. D. D. Crews made a gracious speech, expressing the appreciation of the Stars for the "big party." For the Masons, W. W. Horak made a neat reply, in which he said that the Stars had it "coming to them" for all their many acts of helpfulness and kindness to the Masons. Speaking for the committee, Mr. Cline also added his appreciation and that of his workers for the great co-operation of the O. E. S. and hinting that there might be more such parties in the future.

Assisting Mr. Cline on his committee and at the supper were: J. B. Browning, R. W. Gage, W. W. Horak, W. S. Avery, Alan Barr, C. S. Kelley, R. C. Norton, G. L. Redmon, H. A. Cooley and J. L. Reece, a member of the Upland lodge of Masons living at Riverside.

The plunge and other attractions of the beautiful park were the magnet which held a big percentage of the crowd until a late hour.

Methodists Will Have Quarterly Conference Mon.

The last quarterly conference of the First Methodist church for the church year will be held next Monday evening, Sept. 10, at 7:30, at the church. Dr. Walter C. Buckner of Pasadena, district superintendent, will be in charge. Reports of all departments will be given and plans discussed for the coming year. All members of the church, as well as of the officers, are urged to be present, states the pastor, Dr. Jas. A. Stavely.

SOUTHLAND WINS OREGON FAMILY

Two weeks in Upland convinced Fred Bechtel of Klamath Falls, Ore., that he wanted to be a resident of Southern California.

Mr. Bechtel has been a guest for the past two weeks at the home of Mr. and Mrs. W. E. Benton, 1006 East Tenth street. Now he has been joined by Mrs. Bechtel and their sons, Victor and Donald, and the family will become permanent residents of the Southland. Mr. Bechtel has just become connected with a manufacturing concern with headquarters in Pomona.

DATE IS SET FOR LEGION ELECTION

Nominees Named at Meeting
This Week—Delegation
Goes to Desert

Annual election of American Legion officials will be held by the Upland Post October 2, according to an announcement today, following the meeting of the post Tuesday night. Names of the nominees were not announced.

A county council meeting at Victorville will be the goal of a large number from here tomorrow. Those going from here are Bruce Moore, commander; Herman Cordes, Robert Morris, Floyd Atwood, Earl Marsh, Frank Lutz, Paul Adams, William Larkin, Harry Plum, Carl Riggs, Jack D. Howe and Glen Hipes.

Plans for an annual turkey shoot November 12 were also discussed at the meeting, Milton Huxtable, adjutant, said. Herman Cordes is head of the committee in charge.

Delegates and alternates at the annual state convention in Stockton gave reports. Bruce Moore, Jack Howe, Floyd Atwood and Milton Huxtable were the delegates reporting, while Earl Marsh, Allen Barr and William Larkin were the alternates reporting.

Moving pictures of the recent convention, taken by Mr. Huxtable, were flashed on a screen.

Women Victims of Auto Crash Taken to Local Hospital

Three women victims of a motor car accident on the Valley boulevard Sunday, between Ontario and Pomona, were treated at the San Antonio Community hospital here for their injuries. The injured were Mrs. Myrtle Newell of Oklahoma City, Okla., who suffered contusions of the left shoulder, the left leg and the jaw; Miss Bess Greenspau of Los Angeles, lacerations of the forehead, and Mrs. Bertha Miller, Los Angeles, lacerations of the left hand.

The women were hurt in a head-on collision between cars driven by Leon Newell and S. Miller. Mrs. Miller and Miss Greenspau were able to leave the hospital at once, but Mrs. Newell remained for several days. All were attended by Dr. Marcus D. White.

Athletic Coaches Feted at Dinner

That the athletic coaching staff at Chaffey Union high school and junior college is ready for the biggest year ever experienced here was indicated when Walter A. Hall, one of the vice-principals, feted the coaches, physical education directors and other school officials.

Mr. Hall was host at a dinner in his home this week. Those present were Lucas Horsch, W. H. Kegley, Bert Heiser, Karl Kaiser, Fred H. Clapp, Ernest W. Fischer, Merton E. Hill, and F. E. Chaffee.

Trouble never fails to come to the man who waits for something to turn up.

Temperatures For Past Week

Even though yesterday was the hottest day for many weeks, it was not as hot as the summer days of 1927, according to this report issued today by the Liberty Groves Operating corporation. Temperatures for the week follow:

	1928		1927		1916							
	Max.	Min.	Max.	Min.	Max.	Min.						
Aug. 31	92	1 pm	52	5 am	106	1 pm	59	5 am	96	3 pm	56	2 am
Sept. 1	97	1 pm	54	5 am	102	1 pm	58	3 am	91	3 pm	53	5 am
Sept. 2	97	1 pm	62	3 am	97	1 pm	58	5 am	85	2 pm	51	5 am
Sept. 3	88	1 pm	62	4 am	98	1 pm	58	5 am	87	2 pm	48	6 am

UPLAND WATER IS FOUND PERFECTLY SAFE FOR USE

Rumor That Supply Must Be
Boiled Absolutely
Unfounded

TESTS MADE BY EXPERTS

Analysis Shows That Water Is
Entirely Free From
Contamination

Often a vague rumor will suddenly take root, spread with unbelievable speed and be the cause of much erroneous conviction, when the original source is of no value and is even buried in the complexities added by gossip.

Such was the case a few days ago when one of the city employees was seen taking samples of city water to a local drug store for storage on ice until being called for by the bacteriologist from Los Angeles. Apparently from nowhere the rumor was broadcasted by some witness that the city water is unsafe and must be boiled before use. This was probably reinforced by the fact that a particular water supply in this vicinity has recently been condemned.

However, it is officially announced that the results from the recent analysis show a perfect record for the B. coli index. Bacillus coli communis, commonly referred to as B. coli, is a constant inhabitant of the intestines of man and warm-blooded animals. It can be detected in water with comparative ease, and its presence in water supply is often taken as a basis for contamination. Proud we are to join in the announcement that Upland water shows, from five different sources, a B. coli index of zero. The sceptical may now believe the truth, the ambitious may rejoice and the previously persuaded may begin again to take their water "uncooked."

COUNCIL BUSINESS IS AT STANDSTILL

Officials Purchase Tractor and
Discuss Activities at the
Thursday Session

In keeping with the vacation season, the city's business is in a lull and the purchase of a tractor for the engineering department was the principal business of the city council last night. Reports were heard from Mrs. Lottie Fuller, city nurse, and Judge George R. Crane, city judge.

Extension of the garbage collection service to include property at and adjacent to Fifteenth street and Euclid avenue was authorized. The service now extends up to Twelfth street.

For the sum of \$2290 the city purchased a tractor from Shepherd-Crook, Inc., their bid being the only one received.

Loss Is Slight In Fire at Noon

Within a few minutes after the alarm had been sounded, members of the Upland volunteer fire department had extinguished a blaze at a rear building near Waterman's garage. The call came at 12 o'clock. The loss was slight.

Lemon Employees Will Honor Team

Two hundred employees of the Upland Lemon Growers association will tonight pay honors to the Growers indoor baseball team at a banquet in the lemon packing house.

This occasion will officially end the local team's season. Headed by Enos Leaman, manager, the players played 20 games, winning 10 and losing 10.

TODAY'S BIBLE TEXT

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him and He shall direct thy paths.—Proverbs 3:5-6.

Sending the "Kids" to School

Upland parents are thinking deep thoughts as they are planning to send their children to school. It is a milepost in more ways than one.

Do we all realize fully enough that the "kids" will need more than the equipment of new books and spick and span clothing?

Are your boys and girls ready for school with a clean mind and body? Are their teeth sound and well cared for and able to chew good wholesome food for the next few months? Are their eyes ready for the trying days ahead? Are there any tonsils to be taken out? Are you prepared to insist that you and not the children be the boss during the school year and that the children shall have enough sleep of nights to build sound bodies and healthy minds?

In justice to the child he must have more than new books and shining new shoes as he starts to school. As you inventory his lead pencils and text books and gym suit, ask yourself: Are there any physical or spiritual handicaps which should be cleared up now before school gets under way?

The Tourist Business

From a business friend back in Michigan we get these words: "Business has been very quiet. We are hoping that with the opening of schools things will brighten up."

Unquestionably the new vacation spirit abroad everywhere in the land is affecting our business. Summertime everywhere is getting to be the regular joy carnival. The whole nation is on wheels and motoring hither and yon. People get into the "old bus" and push it as many thousand miles as it will go. Once a luxury, vacation is now the regular diet of us all. Let joy be unconfined and the business "go hang." The good old summer time is here and the playgrounds get the people. Our staid old ways are gone. Summertime is the time for "taking it easy."

But if some branches of business suffer, then others benefit. The folks who have the cabins at a dollar a night are doing well. The eating places are crowded. The cold drink stands are declaring daily dividends. Even the hot dogs are in demand these blistering days. The hotels are full. The gasoline stations are too many, but they all get some business. The tourists are spending millions of dollars. The folks who get these millions will turn around and spend with the rest of us when the school bell rings again and business takes up its old course again. In the meantime, if you want any printing done, The Upland News is the place to get it.

It Comes to Us All

Our old neighbor, "Uncle Frank" Crittenden is dead back on our old Jackson street, in Albion. That doesn't mean much to you, but it meant a lot to us who knew him through all the years. We shall never forget him.

A little girl, only twelve years of age, died recently at the local hospital. We never met her but we know some folks who were her friends and that brought her tragic death close home and made us feel that we, too, had lost a friend and lost her all too early in life—with all the marvelous years ahead.

How often we think it: "Never morning wore to evening but some heart did break." Let us do all we can to brighten the pathway while the folks are with us.

Life is short and we cannot keep always those we love better than life.

What Would Bryan Do?

The La Mesa Scout asks the question, "What would Bryan do about supporting Al Smith for President?" Would he vote 'er straight? Would he be for Smith, as is the Honorable Josephus Daniels, who is credited with having said a few months ago that the nomination of Smith would be intolerable? Would Bryan make such a flip-flop?

We heard Bryan speak several times and each time noticed his grim jaw and the straight line of his firm mouth. We always thought he was more for principle than for party. He cannot come back from his grave to tell us whether he would swallow Al Smith's nullification doctrine, but we do believe that if the old "war horse" were here he would put on his fighting togs and go after the scalp of Al Smith as vigorously as he did after that of Champ Clark back at the Baltimore convention in 1912. Other men may compromise on the things they consider fundamental, but that was not the way the "Peerless One" became famous.

We should say that it is fortunate for Governor Smith that he does not have to reckon with William Jennings Bryan.

Editorials by the Stenographer

Our fourteen-year-old daughter has some of the benefits of modern education which we missed when we went to school. She learned the "touch system" of typewriting while our "hunt and peck" method was acquired by a painful and slow method.

So tonight (Monday), for the first time in our life, we have dictated the editorials of this column. In it are one or two editorials left over from last week. Can you tell which is which? Are we getting old that we want somebody else to do the work we ought to do? Or is this soft California climate just making us naturally lazy? Or are we doing what more parents ought to do, namely, have their children co-operate in the work of making a livelihood. You tell us.

Lion's Club—What Is It?

HISTORY OF LIONISM
Lionism, as the world knows it today, originated in the mind of Melvin Jones of Chicago in the year 1914. He was a leader in a band of associated business clubs, and the inspiration came to him that the only way the clubs could accomplish anything in a large way was to form an association, national or international in scope.

In that year of 1914 Melvin Jones sent letters to all business luncheon clubs of the United States which were not affiliated with an association, asking their officers to consider such an association. The seed thus sown germinated, but it was three years before the actual work of forming an association could be taken up. It was in May, 1917, that the "Business Circle of Chicago," a gathering of business clubs, of which Melvin Jones was secretary, issued a formal call for a meeting to consider a permanent association national in scope.

That meeting was held in Chicago June 7, 1917. About twenty delegates attended, representing more than fifty clubs. They met at the Hotel La Salle and adopted a resolution under which the International Association of Lions Clubs was organized, and a call issued for a national convention to be held at Dallas, Texas, Oct. 9-11, 1917. It was, therefore, on June 7, 1917, that the International Association of Lions Clubs came into being.

Meantime, in the three years which had elapsed between the sending out of the first letter by Melvin Jones, and the formation of a national association, a number of individual clubs were organized, some under the name "Lions," some under other names. In the summer of 1915 there was founded in San Antonio, Texas, the first Lions club. Later Lion clubs were formed in Galveston, Houston, Dallas, Fort Worth, Waco, Austin, Abilene, Greenville and San Angelo, Texas; Pueblo, Colo.; Salt Lake City, Utah; Texarkana and Little Rock, Ark.; Shreveport, La., and Memphis, Tenn.

At the first annual convention held at Dallas on Oct. 9-11, 1917, the formal organization of the association, with accredited delegates in attendance, was completed. Dr. W. P. Woods of Evansville, Ind., was elected president, and Melvin Jones of Chicago was named secretary-treasurer, which office he has held

continuously since. The second annual convention was held at St. Louis, Mo., Aug. 19-21, 1918, when L. H. Lewis of Dallas, Texas, was chosen president.

The third annual convention was held at Chicago July 9-11, 1919. The association at this time had 42 clubs and 2364 members. The association adopted its "Code of Ethics," its Lions club objects, and the slogan, "Liberty, Intelligence, Our Nation's Safety," and Jesse Robinson of Oakland, Calif., was picked as president.

The fourth annual convention was held at Denver, July 13-16, 1920, with 6451 members represented by delegates from 113 clubs. Dr. C. C. Reed of Denver was elected president. The fifth annual convention was held at Oakland, Calif., July 19-21, 1921. The clubs numbered 229 and the members 13,789. Ewen W. Cameron of Minneapolis was elected president.

The sixth annual convention was held at Hot Springs, Ark., June 19-24, 1922. There were 498 clubs in the association, with 26,742 members. Ed. S. Voight of Oklahoma City was the choice for president. The seventh annual convention was held at Atlantic City, N.J., June 26-29, 1923. The clubs now numbered 634, with a membership of 32,632. John S. Noel, Grand Rapids, Mich., was selected to head the order.

The eighth annual convention was held at Omaha, Neb., June 23-26, 1924. There were 761 clubs with 36,943 members in the organization. Harry A. Newman of Toronto, Ont., was elected president.

The ninth annual convention was held at Cedar Point, Ohio, June 29-July 2, 1925. The clubs numbered 942 and members 43,919. Benjamin F. Jones, of Newark, N. J., became president.

The tenth annual convention was held at San Francisco, July 21-24, 1926, when there were 1077 clubs with 48,363 members. William A. Westfall of Mason City, Iowa, took the presidency. The eleventh annual convention was held at Miami, Fla., June 15-18, 1927. The clubs numbered 1178 and members 51,574. Irving L. Camp of Johnstown, Pa., was elected president.

The twelfth annual convention was held at Des Moines, Ia., July 10-13, 1928. The clubs numbered 1400 and members 59,365. Ben A. Ruffin of Richmond, Va., was elected president, and Louisville, Ky., was chosen as the next convention city.

Other Editors' Ideas:

The Border States
Claremont Courier: Hoover may not break into the solid south to the extent of carrying the electoral vote, but it is going to be hard sledding for Al Smith in some of the border states.

For instance, the Democratic presidential ticket will not have the support of a single metropolitan newspaper in Oklahoma, although John W. Davis carried the state four years ago by 29,000. E. K. Gaylord, publisher of the Daily Oklahoman, and the Oklahoma Daily Times, recently announced that his papers, which are Democratic, will not endorse the nominee of that party. Richard Lloyd Jones, publisher of the Tulsa Tribune, Democratic, had previously issued a similar statement.

What Non-Smoker Says
W. E. Westland in The Van Nuys News: Even friends of Lady Nicotine will admit that this man's reason for not smoking is based on good, hard sense.

"Here's the reason I don't smoke," said he the other day. "If you throw a piece of bread, a piece of candy, a piece of meat or most anything else on the ground, the ants, the bugs and other insects gather 'round and carry some of it away with them. If you throw a cigar, a cigarette, an old pipe or tobacco on the ground the crawling things of the earth just won't touch it. "If the insects won't touch tobacco, it's a cinch I don't care for it."

This reason is sound, but we smokers will keep right on smoking.

ASTONISHING 68-PAGE BOOK Sent the Sick FREE

It matters not how long you have been sick, what your ailment may be—to recover health, read this remarkable book—in simple language written by California's world known Endocrinologist (ductless glands) Specialist.

Learn the simple, astounding truths of your organism and how Robust Health, Uplandness and Timeless Energy have been restored to the disappointed.

Hundreds have been lifted from the bondage of invalidism and Chronic Afflictions by this Simple Method.

GUARDS STAGE DOOR TWENTY-EIGHT YEARS

LOS ANGELES.—Chorus girls are the only class of stage people who ever get "uppsy," according to a man who has the unique record of guarding the stage door of a theatre for 28 years without ever having seen a complete show.

William Brenner, 57, special stage door guard for a theatre here, claims that American actors and actresses are the finest people in the world. "The chorus girls are the only ones who get 'uppsy,'" Brenner said, "and then only once in a while. Actors and actresses are the finest people on earth."

Some of the most famous American stage performers have passed through the door which he has guarded in order to give their performances on the stage inside, but Brenner has never seen them in their acts.

"Sometime on my day off, I'm going to see a complete show," he said.

Old Stories of Upland in New Type

(From the News Files)

TEN YEARS AGO

Shipments of oranges and grapefruit from California for the year ending August 31, 1918, were 14,456 carloads of oranges and lemons 5,777 carloads, making a total of 20,233 carloads, according to the annual report of E. G. Dezel, acting general manager of the California Fruit Growers Exchange. For the crop year the total shipments will figure about 38 per cent of the previous year. The shortage was due to the extreme hot weather of June, 1917, and resulted in extremely high prices being paid for the limited supply. Based on the Exchange's results this year's citrus crop will return \$47,311,818 to California.

Two band concerts, by two first-class organizations, are scheduled for the city of Upland this week. The first comes on Upland's Joy Night, which is tonight, and the Upland band will give the concert. On Friday (tomorrow) at 3 p.m., the Army and Navy band will appear here and will not only give a concert but will probably give a parade as well.

Sergt. James E. Goodban has been sent from Cuba to Norfolk, Va., to study in a marine school at that place.

Fred Williams left Sunday for New York for overseas work in the Y. M. C. A.

Mrs. A. E. MacLaren left Sunday for Tuolumne for a month's visit with relatives.

Miss Vera MacLaren spent last week-end at Etiwanda.

Mrs. Ernest Dart and family are enjoying a vacation at East Newport beach. Mr. Dart joins them over the week-end.

Miss Esther Hess, who has been attending summer school at the University of California returned home this week.

Kenneth Hanson, who has been home for several days, left Wednesday night for Fort Winfield Scott, and from there goes to Fortress Monroe, Va., to complete his studies.

Miss Carol Whipple left last Sunday for a ten days' visit to Little Bear lake in the San Bernardino mountains.

Miss Charlotte Shingler, who has been the guest of Miss Benita Spencer at Balboa for the past two weeks, is expected home today.

David Bradford, who is stationed at the naval training station at San Pedro, was an Upland visitor over the week-end.

FOURTEEN YEARS AGO

Mrs. F. M. Highley is at home after spending a short time with relatives at Lindsay.

It really doesn't take much to entertain some of the men of Cucamonga, for before the board of supervisors at San Bernardino on Monday it was found that four or five men spent from 9 o'clock one Saturday evening until ten o'clock the following Sunday morning in a room 10 by 10, playing pinocle, and as a side issue had soup to eat.

The families of Amos Burkholder and J. E. Leaman motored to Long Beach on Saturday and spent Sunday there.

Plans and specifications for rebuilding the Lyric theatre are ready and after the work is completed the theatre will be rechristened "The Colonial."

Mrs. M. H. Bailey entertained with a surprise party Friday, Sept. 4, in honor of her daughter, Miss Genevieve's sixteenth birthday. A chicken dinner was served (picnic style) under the pepper trees at noon. The afternoon was spent

with music, fancy work and chatter. Miss Genevieve was presented with several lovely gifts. Those present were the Misses Elizabeth Kreider, Ruth Hermes, Marie Krommeyer, Nellie Fetrow, Marie Cooley, Olive VanCrom of Los Angeles.

The Old People's party was what took place at the Y. W. C. A. Tuesday evening. The losing sides of the contest of the Baraca and Philathea classes joined together and entertained in this novel manner. The young folks proved to be very charming grandmothers and grandfathers.

Miss Gerry cordially invites the ladies of Upland and vicinity to visit her parlors on Saturday and view the new fall hats. This will be one of the first showings of the season.

Messrs. A. K. Ware and Ralph Ware, and Miss Alfredda Ware enjoyed a week-end visit to Los Angeles at the home of a cousin, Joseph Leavitt.

Fred Williams of Santa Barbara

arrived Saturday and will enjoy a week's visit here. Wanted—At the Upland foundry—old cast iron scraps and plough shares. Will pay cash.

J. Goodban spent Wednesday in Los Angeles buying shoes for his department in Atwood's department store.

Mrs. C. S. Hawthorn left the first of the week for Cincinnati, Ohio, where she will meet her son and visit with home folks.

Miss Eva Gerry pleasantly entertained friends Saturday evening at the home of Mrs. Reid Bordwell. The better part of the evening was spent in dancing, after which refreshments were served. Those present were: Mr. and Mrs. Charles Fuller, Mr. and Mrs. Reid

Bordwell, Miss Chadwick, Miss Hazel St. Amand, Miss Maule Gerry, Messrs. Grahame, Ware Damon and Harold Moore.

Mother's Purse, Thrown from Train by Upland Youngster, is Found and Restored to Owner

The purse of Mrs. Lou Saylor of Upland, containing a sum of money, her railroad tickets, baggage checks and other valuables, carelessly thrown from the car window by one of her small children while speeding through the sparsely-settled country of Arizona east of Needles, has been found and every cent and article restored to the passenger, according to the story told by James B. Duffy, general passenger agent of the Santa Fe.

Mrs. Saylor left August 11 for Elm Springs, Arkansas. After passing Needles she reported her purse, tickets and all her papers

missing. They could not be located on the car and, assuming that the purse had been thrown off the train, the special service officers were notified. The following day Special Officer L. M. Cronenberg of the Needles office found the purse on the right of way near Yucca, Arizona, intact, immediately turned it in and notified the Los Angeles passenger official.

In the meantime the woman and her children were allowed to continue on their journey and the money, \$63.36, baggage checks, etc., were forwarded by the next train and reached her soon after she had arrived in Arkansas.

built in a year, but rather did it require many years—years, where-in the sturdy creative heart of its author, John Stevens McGroarty, was often sorely tried—years when had it not been for the beckoning vision of that glowing completed history-story, Mr. McGroarty would have laid down his pen. But it was not to be denied life, this brain and heart child of his, and in spite of soul crushing criticisms, in spite of cruel rebuffs John McGroarty was big enough to humble his heart and pride, was creator enough to follow the Vision, until he had given to the world his Mission Play.

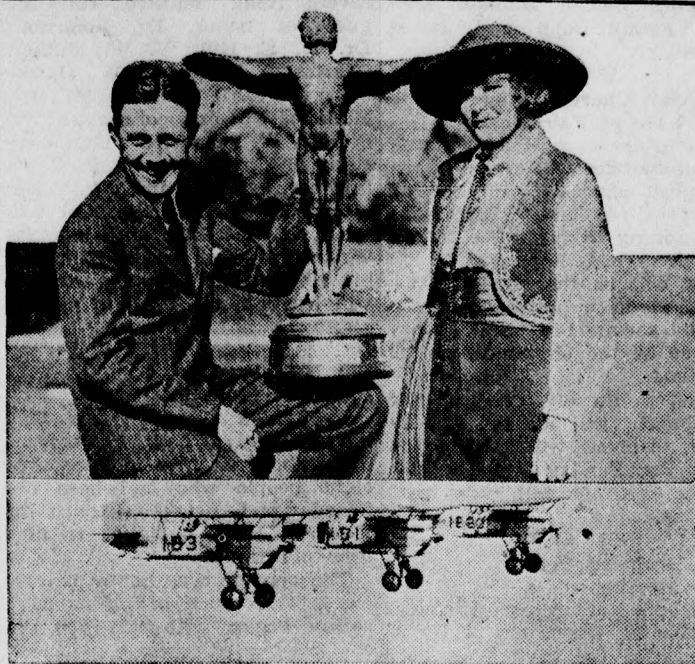

And the other man, what had he done, what had he given the world? He was the pioneer builder of cities. He it was who, working steadily day after day perfecting a household article that was to make life so much easier for the hard-working housewife, still had left in his soul at the end of the day's labor enough of the creator-spirit to cause him to lie awake until the small hours of the morning, visioning a dream city, way out on the desert, a city where some day pioneer men and women, given a beginning, would build homes and rear their families out under the starlit skies.

Earl H. Richardson, like John Stevens McGroarty, met many an obstacle. He, too, had to bear the jeers of his friends who could not understand; but he, too, was made of creative pioneer stuff, and in consequence there lives today on the desert in Victor Valley, the striving, proud little town of Adelanto.

And what did they tell us—these two big men—when they were asked to speak? Did they boast of their accomplishments? Did they preen themselves on what they had done? No, no, indeed! They have no time for boasting—they leave that to the other men. So busy are they still perfecting the perfect whole that they think not of self. Both seemed bewildered at the honest tribute paid them by the toast-mistress, both spoke of their work not so much from their own creative standpoint, but as it concerned the help they had received from the other man.

Talent, gift, vision, inspiration—call it what you will—but the fact remains that the man or woman who is possessed of this God-given ability must also be made of hero stuff; must also have in his make-up the iron of the pioneer blended with the fineness of the artist, in order to call to life such living, breathing essences that must of a necessity be blended together in a Mission Play or an Adelanto.

Air Trophy For Air Races

By G. N. P. A. Service.

Jack Harding, one of the 'round the world flyers, and Miss Ethel Hawkins, with John L. Mitchell trophy, perpetual army award for which army flyers will contest at the National Air Races and Aeronautical Exposition, opening next Saturday, September 8, at Mines Field, near Los Angeles. Miss Hawkins is attired in costume to be worn by all attendees at the meet. Below: Three planes of the crack Navy stunt team, Lieutenants Tomlinson, Davis and Storres, who will stunt each day at the races.

IN MEMORIAM

Mary Ellen Adsit, daughter of Charles W. and Amoret Fulson, and wife of Jacob W. Adsit of Upland, was born in Stillwater, Minn., in 1861. She was the eldest of six children, two of whom are living; one son in Atlanta, Georgia, and one in Pharr, Texas. She lived in Minnesota about twenty-five years, and was married there. From there Mr. and Mrs. Adsit moved to Westfield, Wis., where four children were born to them, and where Mr. Adsit practiced dentistry. After living in Wisconsin about seventeen years, the Adsits moved to Indiana, where they lived until Mr. and Mrs. Adsit and daughter, Grace, came to Upland, ten years ago, leaving three sons in the East.

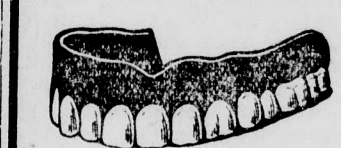

Until about two years ago Mrs. Adsit enjoyed splendid health, and was always serene and cheerful. To her, home was best, and there she spent most of her time, serving and cheering those she loved. Though her home life precluded a wide circle of acquaintances, those who knew her best valued highly her sweet selflessness. Always her thought was for others; always what seemed wisest and best to do, she set herself to do, with a faith and courage that did not falter. After two years of ill health, during which time her main thought was for those who cared for her so lovingly, she laid down her life with the same faith and courage that she had lived it.

In the funeral sermon, Rev. Cleary, among many comforting

and uplifting thoughts, quoted this passage of the Bible: "Greater love hath no man than this, that a man lay down his life for his friends."

SMELT MUCH POWDER

We are not greatly concerned over the fact that American girls in 1927 spent three times as much for cosmetics as Uncle Sam did for his army. The girls won more battles than the army did.—Arkansas City Traveler.

R. C. Norton Tells of Banking Change in Past 10 Years

That banking has changed tremendously in the last ten years—more than even bankers themselves realize—was emphasized by R. C. Norton, manager of the Upland branch of the United Security Bank and Trust Company, in discussing recent developments yesterday.

Mr. Norton especially stressed the new forms of service available to customers, and mentioned the trust fund savings account as an example of the progressive service rendered by his bank.

This account, he pointed out, combines all the advantages of an ordinary savings account with the trust features that make the funds on deposit immediately available to beneficiaries upon the death of the depositor. As a result, the delays, publicity and inconvenience of probate procedure are eliminated, and money is instantly at the disposal of the designated heirs.

"Bankers are constantly in

touch with cases," Mr. Norton stated, "where substantial estates are so 'frozen up' that dependents face actual hardships for periods of months. This possibility is obviated under the trust fund savings plan. During the life of the depositor this new type of savings account operates exactly like an ordinary savings account, and funds may be withdrawn or added at any time. But at the death of the depositor, under a simple trust agreement, the entire amount is immediately available to the beneficiary named, and all probate procedure is eliminated."

Ninth graders start school next Tuesday.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause. But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store."

Notes of Society

Mrs. Daphne Brown Addresses Business Women—

With Mrs. Daphne Tuttle Brown, who has but recently returned from a nine months' tour around the world, as their speaker, members of the Upland Business and Professional Women's club were delightfully entertained Tuesday evening when they dined at the Davis cafe.

Mrs. Brown, who visited twenty counties during the course of her travels, told the women of her stay in Java and India and she also brought with her a number of interesting articles such as beads, carved ivory, hand-wrought brass, bits of brilliant silks and gorgeous scarfs, which were passed around and admired by those in the audience.

Mrs. Brown, who was accompanied on her travels by Miss Marian Campbell of Ontario, told of their trip by automobile through Java and described at length the condition and climate of that country, told of the gorgeous birds that inhabit Java and of the many exquisite orchids that dot the countryside. The speaker also had a great many pictures that she had taken of the Javanese people, and these were used to emphasize her talk.

Following Mrs. Brown's talk, Miss Fern Carver, who is chairman of the evening's program, introduced Ada Roper Harris, of Los Angeles. Miss Harris, who is a pianist and singer of national reputation and who has directed many musical programs for clubs and organizations throughout the west and middle western states, presented a varied program of piano solos and piano-logues that were unusually beautiful. The artist introduced numbers in her selections and she graciously responded to the insistent encores. Miss Harris is a guest at the home of Mrs. Joseph White of East C street, and those who have had the pleasure of hearing her play and sing are insistent in their demands that she prolong her stay here.

Preceding the program, a business meeting was held at which the president, Mrs. Edna Swan, presided. Reports were heard from the treasurer and the secretary, which were both gratifying.

Mention was again made of the membership drive which is being launched with Mrs. Charles Allen and Miss Nell Atherton as captains. The drive will extend over a period of four months and at the close of the activity the winners will be feted by the losing side.

Interesting accounts were also

given by the women who had attended the dedication ceremony of the Fremont Woman's club at Adelanto last Saturday, and these included Mrs. Una Winter, Mrs. S. M. Jessup, Vangie Payette McMullen and Miss LeOla Lee.

Miss Lillian Roth and Miss Fern Carver, chairmen of the finance committee, reported that they were planning an entertainment for the near future and the advisability of sponsoring a picture show was discussed. No definite action was taken upon the matter, but it is safe to predict that in the very near future the business women and their friends will back an interesting evening's entertainment at one of the local theatres.

Mrs. L. D. Temple and Miss Carver, who celebrated birthdays this month, were in charge of the evening's program, while Miss Gertrude Eymann was in charge of the community singing, for which Mrs. Harry Ledig played the accompaniment.

Francis Diener Weds Glendale Girl—

Of interest to many Upland people is the announcement made of the wedding of Francis Diener and Miss Mary Alice Ferry of Glendale.

The wedding took place at 11 o'clock last Monday morning at the Catholic church at Glendale, with the Rev. Fr. Galvin officiating.

Mr. Diener is a son of Mr. and Mrs. T. E. Diener of Glendale, but for several years the Diener family resided at Cucamonga, where they were closely associated with the business and social life of that center.

Mr. Diener is a graduate of Chaffey high school and for the past few years has been associated with his uncle in the clothing business at Oxnard. Mr. and Mrs. Diener left for honeymoon trip to Lake Tahoe and on their return will be at home to their friends at Oxnard.

Mr. and Mrs. William Roth and their daughter Miss Lillian Roth were among those from Upland who attended the wedding and reception.

Mrs. Poole Entertains For Bride-Elect—

Ever since Miss Dorothy Trembley announced her engagement to Floyd Chambers she has been the incentive for many smart pre-nuptial courtesies, and among the charming affairs that have been held in her honor was the evening party given by Mrs. Ronald Poole at her home, 251 Sixth avenue, on Tuesday evening.

Yellow and white was the

color motif chosen by the hostess for her decorations and masses of deep yellow rose buds sang the leading note in the beautiful floral melange. A clever guessing game was introduced during the evening and much merriment prevailed as the guests whetted their wits on some of the baffling questions. Later an hour was spent in hemming towels for the bride-elect and at the close of the charming evening Mrs. Poole served a dainty collation to her guests.

Miss Trembley is a daughter of Mr. and Mrs. M. A. Trembley of Oaks street, Ontario, and she has set her wedding date to Mr. Chambers for September 18th, and the affair is to be one of the outstanding social events of this month. Among those invited to meet Miss Trembley on Tuesday were Mrs. George Swindells, Mrs. Sam Lamb, Mrs. Gilbert Cline, Mrs. Dorsey Glover, Mrs. Elva Steiner, Mrs. Leslie Confer and Mrs. Cecil Myers.

LaRue-Williams Wedding Celebrated at Yuma—

Stealing a march on their friends and business associates, Mrs. Mable Williams of Upland and Jacob LaRue of Ontario left Upland at an early hour last Saturday and motored to Yuma, Ariz., where they were married.

So quiet were they about their plans that not a single person, not even Miss Beulah Maddox, who makes her home with Mrs. Williams, suspected that anything as important as a wedding was in the making, and it wasn't until the culprits (?) returned home on Sunday and broke the news that their friends realized that a wedding had taken place.

Mrs. LaRue is the efficient bookkeeper at the Upland office of the Ontario-Upland Telephone company and Mr. LaRue is connected with the Ontario Gas company, working in the capacity of salesman, and for the present they will reside at the bride's home at 416 Third avenue. Wednesday evening friends of Mr. and Mrs. LaRue gathered at their home to give them an old-fashioned chivari, and they proceeded to make the night hideous with their whistles and horns. Mr. and Mrs. LaRue hastily arose, thinned the end of the world had come, rushed to the door to find that their guests had already procured a key and were letting themselves into the house.

A delightful evening followed and later delicious cold drinks were enjoyed. Among those who were responsible for the chivari were Mr. and Mrs. Bert Martin, Mr. and Mrs. John Conkay, Mr. and Mrs. Everett Woods and their three children, Mr. and Mrs. A. Williams and their family, Mr. and Mrs. Clay Mosely, Mr. and Mrs. J. P. Nikoden, Mr. and Mrs. Ralph Palmer, Miss Blanche Simpkins, Miss

Bertha Lowry, Miss Mildred Bigley, Miss Beulah Maddox, Miss Bigle, Frank Bopp and James Squires.

Methodist Church People Will Picnic at Fairmount—

At 9 o'clock on Monday morning automobiles will arrive at the Methodist church to gather up the crowd of happy folks who are planning to spend the day at Fairmount park, Riverside.

This will be the annual picnic which is such a part of the church social life and every member of the church is invited to attend.

Dr. J. A. Staveland, the pastor of the church, and all the Sunday school teachers will discuss the picnic on Sunday and in this manner each one will know what to bring.

Mary Brainard Tent Holds Meeting—

Members of Mary Brainard tent of N. 48, Daughters of Union Veterans of the Civil War, held their regular meeting last evening at the Y. M. C. A. building on Third avenue, Mrs. Ida Palis, the president, filling the chair. As many of the members are still away on their vacations the session was brief and only plans for the entertainment of the district inspector, Mrs. Elva Bell of Santa Ana were discussed; Mrs. Bell will visit the local club the evening of September 20th and Mrs. Sadie Daniels and her committee were named to plan the evening's entertainment.

Luncheon Compliments Arizona Visitor—

Mrs. D. W. Detweiler of Tucson, Ariz., who has been visiting friends in Southern California for several weeks, was the inspiration for a smartly appointed luncheon given by Mrs. F. B. Harn recently at her home, 676 North Euclid avenue.

Tall clusters of brilliant golden glow blossoms made an attractive setting for the affair and the luncheon appointments repeated the same lovely garden tone. The menu was served at 1 o'clock and covers were indicated for the guest of honor, Mrs. Detweiler; Mrs. W. H. Tuttle, Mrs. Leater Jones and the hostess, Mrs. Harn.

The hostess and her three guests were all neighbors back in Moravia, Iowa, and the afternoon was spent in recalling the old days. Mrs. Detweiler left on Monday evening to return to her home.

Bishop Bukholder Reads Nuptial Service—

A charmingly quiet wedding was celebrated last Saturday evening at 7 o'clock, when Miss Hazel Esther Crawford, daughter of Mr. and Mrs. Melvin Crawford of Kansas, became the bride of J. Howard Asper, son of Elder and Mrs. Asper of Pennsylvania. Bishop C. C. Burkholder of the Brethren in Christ church read the nuptial service, and only immediate friends of the bride and groom were present.

The wedding took place at the cozy little bungalow that Mr. Asper has prepared for the bride at 426½ Eighth avenue, the house being transformed into a bower of blossoms for the occasion. Masses of pink and white flowers were employed with charming effect throughout the rooms.

The bride was charming in a frock of white satin crepe fashioned with simple straight lines and she carried a bouquet of white blossoms. Her attendant, Miss Melba Martin, wore a gown of pink silk crepe and carried a bouquet of pink flowers. Arthur Asper served his brother as best man. Following the ceremony a reception was held, during which refreshments were served the same lovely pink and white tones being repeated in the menu.

Mr. and Mrs. Asper left immediately after the reception for a honeymoon trip to San Diego and on their return they will be at home to their friends at their new home at 426½ Eighth avenue.

Mr. Asper is employed at the Armstrong nurseries at Ontario and his bride has but recently returned from a visit to her parents in Kansas. Among those attending the wedding were Bishop and Mrs. C. C. Burkholder, Mr. and Mrs. George Asper, Mr. and Mrs. E. Sheets, Miss Alta Buckwalter, Miss Esther Buckwalter, Miss Marie Sheets, Miss Melba Martin, Miss Mary Asper and Arthur Asper.

Stag Party at Johnston Home—

Complimenting her son, Dr. Ivan Johnston, who arrived several days ago from Harvard, Mrs. Etta Johnston planned and carried out a delightful dinner for the visitor last evening at the Johnston home, West Eighth street. The fact that the affair was a surprise for Mr. Johnston made it just that much more enjoyable and the gathering, which was strictly stag, was delightful. Mr. Johnston had decorated the home with a lavish hand and myriad fragrant blossoms were employed with artistic effect.

Centering the dinner table was a low bouquet of roses and din-

ner was served at 6:30 o'clock, covers being marked for the guest of honor, Dr. Johnston; Dr. M. E. Hill, W. W. Mather, Charles J. Booth, H. W. Hawkins, Ernest W. Fischer, Dr. Munz of Pomona college and H. Pierson of Pasadena. Dr. Johnston, who is a graduate of Chaffey high school, and who later attended Pomona college for two years, is associated with the biological research department at his alma mater, Harvard, and he will leave in ten days to resume his work at the school.

Old Neighbors Picnic at Gauesha—

It was a happy group that met at Gauesha park, in Pomona on Labor day, when twenty eight people who had been old friends and neighbors back in Moravia, Iowa, gathered to talk over old times.

The reunion was happy beyond words and much of the conversation began with "do you remember?" At noon a delicious picnic dinner was enjoyed and during the afternoon the out-of-town guests visited the plunge and enjoyed a walk through the beautiful shady park.

Among those attending from Upland were Mr. and Mrs. W. H. Tuttle, Mr. and Mrs. F. B. Harn and their house guests, Mr. and Mrs. A. E. Harn of Long Beach and Mrs. D. W. Detweiler of Tucson, Ariz.; Mr. and Mrs. H. M. Tuttle, Mr. and Mrs. L. Jones and family and Mrs. Eva Nowels.

W. C. T. U. Sponsoring Exhibit—

The result of the past year's contest conducted by the School of Temperance Instruction, sponsored by the W. C. T. U., under the direction of Mrs. Martha Sparks, is on exhibition today and tomorrow in the building formerly occupied by the McCloskey Flower shop on East Ninth street.

Two hundred and seventy-two posters and 347 essays, the work of the grammar school and Beulah college students, have been judged in local, county and state contests and have been graded for their originality and close study and the parents and friends of the children will be

proud to see the wonderful results accomplished. Beulah college has the honor of having the local, county and state first prize, while Miss Lois Byers won first place in the essay contest. Other winners who were awarded prizes are Wilbur Kaufman, who captured a first prize ribbon with his clever poster, and Harriett Bohlen, who also received a prize for her poster.

Former Upland Residents Married at Ventura—

News of the wedding of Mrs. Ruth Cline Campbell to Harleigh Cramer Brown reached their friends here recently.

The ceremony was performed in Ventura on August 14th, and for the present Mr. and Mrs. Brown are living in Ventura, where Mr. Brown owns and operates a garage.

Patriotic Organizations Picnic at Fairmount—

Members of A. Podrasnik Camp No. 15, Sons of Union Veterans of the Civil War, and the Woman's Auxiliary motored to Fairmount park, at Riverside, last Saturday, where they were met by members of other patriotic organizations and a jolly picnic followed.

A bountiful dinner was served at 7 o'clock and following that the guests went boating, enjoyed games and had a delightful time. Members of these two leagues will enjoy a pot luck supper next Tuesday evening at the W. C. W. hall in Ontario and all members are urged to attend this gathering.

Mrs. Chries Knoll, the president, has appointed the following committee to have charge of the evening's entertainment, and a glance at the names assures one of a delightful evening: Mrs. Nannie Dewey, Mrs. Mary Johns, Mrs. May Bradford and Mrs. Elizabeth Taylor.

Five Upland men have been at San Bernardino this week acting as jurors in the case in Judge Charles L. Allison's court in which Miss Dorothy Halley, pretty stenographer, charges a criminal attack by her former employer, Geo. A. Adams, real estate and loan broker. The local people

Newsy Notes Around Upland

Rather warm, thank you.

William Westland, Jr., is spending the week with his father, W. E. Westland, at Van Nuys.

Miss Helen Taylor of 2123 Laurel avenue, has as her house guest this week-end Miss Dorothy Smith of Chino.

Mr. and Mrs. Henry Murkins of Washington boulevard, who have been spending the summer at Independent, Kansas, are expected home this week.

Miss Frances Wilson, who was principal last year at the Fontana junior high school, left on Tuesday evening for Sacramento en route to New York, where she will spend the winter.

But we know that Gene Tunney is not marrying for money, because he could get it so much easier by fighting for it.—San Diego Union.

Mrs. R. C. Norton, deputy grand matron of the Eastern Star, attended the matrons' luncheon at Chino on Wednesday.

Mr. and Mrs. F. W. Palmer of 76 Euclid avenue, returned on Tuesday from a week spent at their cottage at Newport Beach.

Mrs. A. C. Magruder had as her dinner guests recently Dr. and Mrs. Eugene Lewis and their daughters, Peggy and Elizabeth of Los Angeles, and Mr. and Mrs. T. R. Woodbridge of Upland.

Mrs. Glenn Williams and her two children, who have been spending the summer with her parents in Iowa City, is expected home tomorrow. Mrs. Williams will be accompanied by her mother, who will spend the winter here.

Mr. and Mrs. P. J. Flagg and family of Inglewood were here for a period this week, visiting relatives. Mrs. Flagg is a daughter of Mr. and Mrs. F. F. Goodban and the visitors were guests at the home of Mrs. Flagg's sister, Mrs. Ernest Mehl.

One of the largest crowds of the season visited Camp Baldy over the week-end and Labor day. It was estimated that more than 6000 people visited the resort and officers stopped counting the autos after they had passed the 1246 figure.

Miss Ardys Mills left recently for Filmore, where she is visiting her sister and brother-in-law, Mr. and Mrs. Earl Middlethwaite. Mrs. Mills and her sister and little Marcelle Mills, who has been visiting her auntie for two weeks, have been spending a few days at the Ventura beach.

Robert Meek, who has been spending the summer at Sierra Pines camp in the high Sierras, returned home this week and reports a delightful outing. Mr. Meek was one of the counselors at the camp and Jim Moser, former U. S. C. football star, was in charge of the resort.

George B. Bower, local jeweler is today located in the Creighton building, opposite the Colonia theater, moving from 242 Second avenue. Mr. Bower took an office in the building when it was erected several years ago, and after a period in the other location has returned to the larger office.

Mr. and Mrs. C. J. Bryant of Euclid avenue, and their family, spent a happy week-end as guests of Mr. and Mrs. J. H. Clark of Beverly Hills. A delightful feature of the visit was a surprise party given in honor of Mr. and Mrs. Bryant and at which a number of their old neighbors from St. Louis, Missouri, were present.

Mr. and Mrs. Ernest Bridenbaugh are leaving Monday for Los Angeles, where they will reside this coming winter, and where Mr. Bridenbaugh will enter the University of Southern California as a freshman in the law department. Miss Edith Bridenbaugh is leaving on Sunday for Ames, Iowa, where she will resume her studies at the university, working this year for her B. A. degree.

Jack Springer, son of Mr. and Mrs. William Springer, of 777 Euclid avenue, who recently underwent an operation for a deflected septum, is at home and convalescing nicely. Norman Springer, Mr. and Mrs. Springer's oldest son, who is touring Europe, writes that he is having a delightful time and has been enjoying the experience of flying. When Norman wrote his parents recently he said he was writing the letter way up above the clouds in a ten-passenger airplane and at the time he said they were flying over Berlin. He also stated that he expected to fly to Petrograd, Russia, and following that would fly to Switzerland. Mr. Springer left New York in June and expects to return to California in time for the Christmas holidays.

Lemonade weather.

The Upland News goes to semi-weekly.

Otto Lomen of The Upland News spent the holiday at Venice.

Miss Elizabeth Boulton was a business visitor in Los Angeles on Monday.

Miss Edith Hagan of First avenue spent the first two days of the week with relatives in Los Angeles.

Mrs. Effie Hardy, bookkeeper at the Mountain View packing house, is back at her desk after a month's vacation.

Mr. and Mrs. Harry Cooley and their little daughter Janet; Mrs. E. A. Cooley and Mr. and Mrs. B. C. Anderson spent the week-end and Monday at Huntington Beach.

Mrs. Daphne Tuttle Brown will leave on Monday for Los Angeles, where she has enrolled at the Chouinard Art School and where she will study interior decorating for the next year.

Mr. and Mrs. John Anderson of 2141 Euclid avenue had as their guests over the week-end the former's brother and his wife, Mr. and Mrs. Nelson Anderson of San Diego.

Mrs. Alice Erixon, of East Ninth street, and Mrs. G. W. Eckerman, of 2247 Euclid avenue, returned this week from Long Beach, where they had been for two months.

Mrs. Douglas Dettweiler, who has been a house guest at the home of Mr. and Mrs. W. H. Tuttle of West Tenth street for several days, left on Monday to return to her home at Tucson, Arizona.

Miss Geraldine Norton had as her guests recently Miss Dorine Rasmussen and her mother, Mrs. Rasmussen, of Los Angeles. During the visitors' stay here they were entertained at the Norton cabin in San Antonio canyon. Miss Norton and Miss Rasmussen were associated together in their duties as teachers at Central school, Ontario, last year, and the young women will again fill the same positions.

Read "The History of Lionism" on page two of this issue.

Mrs. G. W. Benton is entertaining her niece, Mrs. George Welch of Battle Creek, Mich.

Mr. and Mrs. Henry O. Blohm, of 421 First avenue, left on Tuesday for a two weeks' stay at Long Beach.

Mr. and Mrs. Charles V. Barr and their two sons, Alan and Raymond, motored to San Diego last week-end.

Mr. and Mrs. F. E. Harn of 676 Euclid avenue entertained over the week-end Mr. and Mrs. A. B. Harn of Long Beach.

Mr. and Mrs. R. C. Norton of 793 Euclid avenue are entertaining at their cozy mountain cabin in San Antonio canyon Mrs. Ruth Leibler of Los Angeles.

Miss Mary English, daughter of Mr. and Mrs. Thomas English of Long Beach, spent Sunday and Monday with Ontario and Upland friends.

Mrs. Elizabeth Burton of the Burton Beauty Shop, was a guest of her daughter and son-in-law, Mr. and Mrs. H. E. Parmenter, of Long Beach, recently.

Mrs. H. C. Meek and her son Robert were among those from Upland who motored to Adelanto last Saturday and attended the opening of the Fremont Woman's clubhouse and later they attended the dance which was held at the school house.

Mrs. Daphne Brown of Upland and Miss Marian Campbell of Ontario were guests over Sunday and Monday of Mr. and Mrs. Durand Kennett of Pasadena. During their stay in the Rose City Mrs. Brown and Miss Campbell were honor guests at a number of smart social affairs and they also enjoyed several delightful motor drives.

Mr. and Mrs. Carmen Lehman returned this week from a delightful motor trip to Santa Barbara and the northern part of the state. Mr. Lehman is back at his duties on the Upland police force and Mrs. Lehman, who is assistant superintendent at the San Antonio Community hospital, has also returned to her work.

Helen Willis helps Hoover.

Mrs. R. R. Harrington and Robert Sawyer motored to Los Angeles on Tuesday.

Mrs. N. G. Pehl, who was reported better, has suffered a slight relapse and is reported not so well.

Mr. and Mrs. T. M. Nichols, of 393 First avenue will have as their guests over the week-end the former's brother and his wife, Mr. and Mrs. J. B. Nichols of Santa Ana.

Mr. and Mrs. G. Byron Ford and their two daughters, Sally Harper and Betty, have returned this week from a summer spent in the East. The trip was made by automobile and relatives were visited at Concern, N. H.; Larchmont, N. Y., and New York City. The Fords motored through Maine, and on their return journey spent several days at the Grand canyon.

Mrs. Clyde Jones and Mrs. Floyd Jones and her daughter Helen have been spending this week at the home of Mr. Freeman's parents, Mr. and Mrs. J. H. Freeman of West Ninth street for ten days, left yesterday on the Santa Fe for their home in Chicago.

Miss Caroline Bronson, daughter of Mr. and Mrs. R. R. Bronson, who recently underwent a minor operation, is reported doing nicely and is planning to leave early in the fall for Wellesley, Mass., where she will again be a student at Wellesley college.

A jolly party composed of Mr. and Mrs. Roy Creighton and their son Jack, Mr. and Mrs. Clyde Jones and Mr. and Mrs. Floyd Jones and their two children, motored to Hemet lake over Sunday and Monday, where they spent the time fishing.

Mr. and Mrs. A. F. Harrington, East A street, Ontario, and Mr. and Mrs. Richard T. Baldwin and children of this city, heard Miss Elinor Mario, noted singer, at the Redlands bowl at Redlands last Friday evening.

Mrs. Edith Troeller and her mother, Mrs. Christine Sedgwick, left recently for Oakland, where they will spend the next two months. Later Mrs. Sedgwick will return to her home here while Mrs. Troeller will leave for the Hawaiian Islands.

Guests Monday of Mr. and Mrs. Richard T. Baldwin, Euclid avenue, were: Mr. and Mrs. John H. Wheeler and children of Arcadia, and Mrs. Ruby Trimlett and four children and Horace H. Howard of Coachella.

Miss Viola Burkholder, daughter of Mr. and Mrs. C. C. Burkholder, of 495 First avenue, who is in training at the General hospital in Los Angeles, is enjoying spending a two weeks' vacation with her parents here.

Dr. and Mrs. W. H. Craig of 329 Second avenue left yesterday on the first lap of a European trip. The travelers will sail from San Francisco next week and they plan to be gone four months. When they left yesterday their plans were not definitely arranged as to what countries they would visit, but of one thing they were certain, and that was that they would visit the Holy Land and enjoy a Mediterranean cruise.

Mr. and Mrs. Harlow S. Wilson, who are visiting in the East, were on hand to attend the golden wedding anniversary celebration of Mrs. Wilson's parents, Mr. and Mrs. Frank Perhamus, which was held in Caledonia, New York, this week. Mr. and Mrs. Wilson left Upland three weeks ago, and have been visiting relatives and friends and sight-seeing through the northeast. They plan to be gone six weeks and will stop at several places of interest en route home.

Miss Ruth Crane, daughter of Judge and Mrs. George Crane, who is spending the summer in Minnesota, writes her parents that she is having a delightful time and that she plans to return home next month. Miss Crane tells of having motored to Custin, Minn., to see the damage that had been wrought by a tornado which recently swept over that prosperous little town, and to use Miss Crane's words, "one has to see" in order to understand the extent of the damage. Many houses were totally destroyed while still others were just partially damaged. The outer walls of one new brick house were blown down and only the inside walls remained standing, while the electric light fixtures were left intact and even dishes that were standing on a shelf were not damaged. Miss Crane tells of having visited a "real" farm and says she had a glorious time fighting mosquitoes. She also says that the farmers are threshing their wheat and that the crops are excellent.

Newly Styled
Brilliantly Colored

Local News Briefs

When will the first rain come?

Mrs. Warren Miner, of the Campbell ready-to-wear store, is enjoying a two weeks' vacation.

Character building will be given special attention hereafter at the Colony School of Upland. 1712

Mr. and Mrs. W. E. O'Brien motored to San Diego on Monday, where they spent the day with friends.

Mr. and Mrs. F. B. Chaffee and Mrs. Elene Crist were hosts to a group of friends Sunday and Monday at the Chaffee cottage at Hermosa Beach.

Mr. and Mrs. Thomas Harris and their daughter, Miss Margaret Harris, were guests Sunday and Monday of Mr. and Mrs. E. B. Reynolds of Fullerton.

Miss Lela McClelland, who is vacationing at Long Beach with her parents, Mr. and Mrs. S. G. McClelland, was an Upland visitor on Tuesday.

Mr. and Mrs. Joseph Simons returned the first of the week from Los Angeles, where they had been the guests of relatives for a week.

You want your child to become a real citizen. The Colony School of Upland will aid you in that desire. Phone Upland 473 for full information. 1712

Mr. and Mrs. Clinton Mayberry and Mr. and Mrs. Glenn Smith were guests over the Labor Day holiday of Mr. and Mrs. D. W. Smith of Ontario, who entertained at their beach home at Newport.

Alois Podrasnik, who with Mrs. Podrasnik is spending several weeks at Long Beach, was in Upland Monday. Mr. Podrasnik reports that Mrs. Podrasnik is much improved from her recent illness and that the beach climate seems to agree with her.

Mrs. W. R. Farmer and children, Campus avenue, who have been spending several weeks at Long Beach, were joined there for the week-end and holiday by Dr. Farmer and his father and sister, Rev. Z. J. Farmer and Miss Lela Farmer.

H. S. Campbell of the Campbell ready-to-wear shop, is back at the store after an absence of several weeks on account of illness. Mr. Campbell has entirely recovered, and accompanied by Mrs. Campbell motored to Watsonville recently.

Mr. and Mrs. G. Byron Ford and their two daughters, who have been spending the summer in New York, are expected home this week. Mrs. Frank Holmes, who has also been visiting relatives in New York for some time, expects to return to Upland soon.

Good-bye vacation!

Albert Billington spent Sunday at Long Beach.

Mr. and Mrs. Gifford Meredith and their family are spending the month at Santa Monica.

The Misses Helen Samuels, Ruth Clark and Irene Karr spent the week-end at Camp Baldy.

Richard Huxtable of Stockton is a guest this week of his son, Strathmore Huxtable of the Rex-all drug store.

Mrs. Lee Karr and Mrs. Earl Samuels were among those from Upland who spent Labor Day at Camp Baldy.

The Colony School, 429 East Ninth street, Upland, re-opens on Sept. 7. Miss Frances Barr, principal. Phone Upland 473. 1712

Mr. and Mrs. J. B. Pershbacker, of West Tenth street, had as their guests over the week-end Mr. and Mrs. L. R. Shaw of North Hollywood.

Mr. and Mrs. Glenn VanDusen and their small son, of Pomona, were guests Monday evening at the home of Mr. and Mrs. H. C. VanDusen, 625 First avenue.

Upland postoffice receipts for the month just passed showed an increase of 3% over August, 1927, which goes to show that Upland is still growing.

The Upland News is in position to furnish rubber stamps of all kinds at the most reasonable prices and to give prompt service. See us when you want something of that kind.

Mr. and Mrs. Bob Bonney (Madeline Chaffee), who have been playing the Orpheum Circuit theatres in Los Angeles for the last six months, left last Saturday for San Francisco, where they will repeat their act at the northern theatres.

DeVon Francisco, East Tenth street, one of the veteran newsboys for The Upland News—having carried papers faithfully for seven years—will exhibit some of his pigeons at the fairs at Pomona, Riverside, San Diego and Ventura.

Mr. and Mrs. Jesse Monroe returned on Sunday evening from Redondo Beach, where they had been vacationing for a week. Mrs. Monroe, who had been ill for some time, is much improved and able to take her place in her club circles again.

Mrs. Bess Grisham and Edward Dickerman drove to Long Beach Monday, where they were guests at the home of the former's mother, Mrs. Kate Deets. In the afternoon Mrs. Grisham and Mr. Dickerman visited the Orange County fair at Orange.

WHY PAY FOR TWO?

John H. Casey, associate professor and newspaper specialist, University of Oklahoma, stated recently in an interview:

"The more I see of these one-newspaper towns the better I like them. After all, why should a small town be forced to support two rival newspapers just because the publishers are politically or personally such bitter enemies that neither will say die? Most of us would readily agree that a newspaper dedicated to boosting the stock of one church congregation and running down every other congregation in town should be declared a public nuisance rather than regarded as a public benefit. Yet, the newspaper that is so partisan politically that half the community is openly insulted in each issue, still survives."

"In small towns the newspaper that serves satisfactorily the whole community is increasing in popularity, and prospering. Two newspapers in a very small town often stir up more strife than they inspire good deeds."

Grapes are in their glory.

Mr. and Mrs. E. W. Lee and their daughter, Miss Leola Lee, and Mr. and Mrs. B. C. Lee and their three children, spent Sunday and Monday at Newport Beach.

Mrs. Edna Swan returned on Monday evening from Burbank, where she had been visiting friends and relatives over the week-end. She was accompanied home by her aunt, Mrs. Nellie Deeds, who will reside with Mrs. Swan and her family in the future.

Mr. and Mrs. W. H. Korell, 418 East E street, Ontario, motored to Newport Beach on Monday for a day's outing. On their return they stopped at Pasadena, where they met their daughter, Miss Vivian Korell, who is in training at the Pasadena hospital, and who returned to Ontario with her parents for a week's visit.

Mr. and Mrs. W. W. Mather and children, Laurel avenue, returned Monday afternoon from a three weeks' vacation trip to Chico, where they were guests of Mrs. Mather's parents. One interesting side trip they made was to the boiling lakes near Mt. Lassen. They also spent one day at the state fair at Sacramento.

Word received this week by Upland friends of Mr. and Mrs. E. P. Chaffee of Los Angeles tells that Mrs. Chaffee, who has been seriously ill, has successfully passed the crisis and while still very ill hopes are entertained for her recovery. Mr. and Mrs. Chaffee are former residents of Upland and their wide circle of friends here felt much concerned over Mrs. Chaffee's illness.

Michigan Picnic

Comes Sept. 15

The Michigan people of all Southern California are advised that their official picnic reunion will be held in Sycamore Grove park, Saturday, September 15, under the auspices of the Michigan Association of Southern California, which has been featuring these reunions nearly thirty years. Announcements of town, county or local picnics will not change this regular annual event for all the Southland. Dr. M. R. Parmelee, president of the association, is in charge of all the arrangements for the day. The Wolverines of the whole West will be welcomed.

All the happy picnic features will be carried out and a long, jolly day is assured all Michiganders.

Ask your questions of C. H. Parsons, Secretary Federation of State Societies, Hotel Rosslyn, Faber 3300.

Legal Notices

DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership lately subsisting between us, whose names are subscribed hereto, under the firm name and style of Johnson & Brown, engaged in the business of Retail Grocers, at Upland, Calif., will on the 1st day of September, 1928, be dissolved by mutual consent. The business of said partnership will be wound up by A. H. Johnson, who will collect and receive all moneys and property due or payable to said firm, and pay and discharge all the debts and liabilities of the same, and perform all its unexecuted contracts. Dated at Upland, Calif., this 23rd day of August, 1928.

W. L. BROWN,
A. H. JOHNSON

Dated, August 27, 1928.

E. A. DE LANO,
Administrator of the Estate of Ellery Lewis De Lano, Deceased
POLLOCK & MITCHELL,
Attorneys for Administrator.

NOTICE OF ASSESSMENT

Of the Upland Water Company—Principal Place of Business, Upland, California.

Assessment No. 76

NOTICE is hereby given that at a meeting of the Board of Directors held August 7, 1928, an Assessment, No. 76, of \$10.00 per share was levied on the Capital Stock of the Corporation due and payable immediately to the Secretary of the Corporation. Any stock upon which this assessment shall remain unpaid on the 6th day of Sept., 1928, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on Thursday, the 6th day of Oct., 1928, at 2:00 p. m., to pay delinquent assessment, together with costs of advertising and expenses of sale.

Dated Upland, California, Aug. 10, 1928.

DAVID BRADFELD,
Secretary.

NOTICE TO CREDITORS

In the Matter of the Estate of Jose Fernandez, Deceased

NOTICE is hereby given by the undersigned, Nona A. L. Fernandez, executrix of the estate of Jose Fernandez, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, within ten months after the first publication of this notice, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Bernardino, or to exhibit them, with the necessary vouchers, within ten months after the first publication of this notice to the said executrix, at P. O. Box 641, Ontario, California, or at the office of Isaac Jones, Attorney at Law, Rooms 1 and 2, Euclid Savings Bank Bldg., Ontario, California, the same being the principal place of business in all matters connected with said estate of Jose Fernandez, deceased. Dated August 14, 1928.

NONA A. L. FERNANDEZ,
Executrix of the Estate of Jose Fernandez, Deceased.

By ISAAC JONES,
Attorney for Executrix.

The Week in Nearby Southland Points

San Dimas—Masons have commenced work on their new \$12,000 community center and lodge building.

Chino—Tentative plans are now being made which will bring about a huge festival to celebrate the completion of paving of Carbon canyon road. Paving of this highway will be of great benefit to Chino and its opening to heavy traffic should be the incentive for celebrating.

Hemet—The Black mountain forest ranger station is maintained by Miss Rita Morris, a 20-year-old Hemet girl, the only feminine forest ranger in California. In her position she must not only keep a constant lookout for fires and possible fire sources, but she must be able to locate them from her small station building and communicate with the other stations. She has always loved the out-of-doors and is well acquainted with the San Jacinto mountain range.

Sierra Madre—There is one charming suburb of Los Angeles which ought to be a national shrine. In its limits, which gently embrace 6,000 people, there is not a single billboard!

No ordinance forbids billboards, but public sentiment so opposes them that the two or three which have been erected from time to time soon have been torn down by the sadder but wiser builders.

Not long ago one national concern wished to put on a campaign which included billboard advertising and called on its local agents in that suburb to co-operate. His reply was a point-blank refusal. "There isn't a billboard in my town now," he wrote, proudly, "and I will not be the first to introduce anything so destructive to civic beauty, and if I did, you'd only lose by it. The billboards

would arouse resentment rather than buyer-interest." The little city which holds this honor, perhaps unparalleled in the whole United States, is Sierra Madre.—Los Angeles Times.

Business College Head Gives Views

"First, an idea; second, a determination to win; third, stick-to-it-iveness."

That is the answer given by Frank D. MacKay, president of California Commercial college, when asked to name the principal contributing factors of his success.

"The idea of establishing a training school in which ambitious young men and women might save and receive a better education than was possible under the apprenticeship system, came to me thirty-five years ago when I was an office boy," said Mr. MacKay. "I established my first school, the MacKay Business College, in Los Angeles twenty-two years ago and prospered from the start."

"One finds that the majority of executives are not at all interested in those who are not possessed of specific ability. The thought that one can get along these days without a definite training, emanates from minds unfamiliar with existing conditions and demands. To train, to educate oneself in fundamentals, in tactics, in all that has to do with what one expects to engage in for a livelihood, is essential to a full measure of success, and there is no better place in which to acquire this specialized education than in our private schools and colleges. My work has been a source of joy and pleasure to me and many years of service have not dimmed or lessened my enthusiasm."

Henry Ford thinks the men above fifty the salt of the earth. But it takes those under fifty to put in the pepper.—Wichita Eagle

SMALL TURNOUT EXPECTED WHEN GRID CALL GIVEN

Mitchell, Heiser Hope For Best When Season Gets Started Tuesday

On the first day of the grid-iron season, the Chaffey and Junior college aspirants are going to "get going"—that is, don their suits and start at 3:15 o'clock Tuesday afternoon in intensive practice.

What the coaches lack in material and prospects the hope to make up in preparation, in about ten days after the first practice. Coach "Mugs" Mitchell will lead his aggregation in a practice game. Corona eleven will oppose the Chaffey squad September 21. Citrus union will probably play in another practice game the following week and Colton has been asked to offer some practice on October 5.

And by the time the season opens here with San Bernardino sending a strong eleven October 12, Mitchell hopes to have his machine working in strong formation.

As Mitchell, the Chaffey mentor, scanned the field today he was not hopeful. And Bert Heiser, the Jaycee coach, hopes for the best. A small turnout is predicted. Mitchell has had a feeling of a big bunch to choose from, but as the time for school opening nears this prospect and that prospect failed to materialize. He will be very pleased now if there are a few more than two dozen men on the field during the first week.

The loss of Bert Rightmer of Upland and captain-elect is one of the biggest setbacks Mitchell has experienced.

Sociological experts claim China hasn't waked up yet. It has been having a terrible nightmare, then. —Nashville Banner.

An Extension Telephone by your Bedside.....
is Aid and Protection in Emergencies

Sleep is better and safer when there is an extension telephone by your bedside. Calls to neighbors, fire department or police may be made instantly when the telephone is within reach.

Extension telephones are needed not only in emergencies. Wisely placed extensions save miles of steps in running up and down stairs and from one part of the house to another. They prevent embarrassment in making or answering calls when others are present. They avoid the loss of calls through failure to answer promptly.

In building a new house or in renting or buying a home, make sure that there is provision for adequate telephone service with the necessary extensions. Adequate telephone equipment is an essential modern convenience.

And it is very inexpensive. Extension telephones with all their protection and convenience cost only a few cents a week. Ask our Business Office to advise with you regarding the proper telephone equipment of your home for the greatest comfort, protection and saving of time.

Upland Boys Held on the Charge of Burglarizing Store

William P. Shipp, 16, and Odie Raymond Baker and Joseph Friesen, each 15, all Upland boys, are at the county detention home today awaiting the action of juvenile court authorities, following their arrest at Colton late Tuesday night by Patrolman Harvey Hubb of that city.

The youths are charged with burglarizing the sporting goods store of John Palmer, 276 Second avenue, and they had the loot on them when arrested in the neighboring city. Articles taken included flashlights, batteries, knives and the like to the value of \$22. Entrance was gained through a window opening on a narrow passage.

After completing their job here the boys are said to have boarded a Southern Pacific east-bound freight at Ontario and to have been detained at Colton, where they were nabbed.

Youth Who Starts Camp Grass Fire Pays Fine of \$35

Anthony Gul, youthful employee of Camp Baldy, San Antonio canyon resort, drew a sentence at the hands of Judge George R. Crane of \$35 fine or 35 days in the county jail when he entered a plea of guilty to a charge of starting a grass fire in the national forest reserve. He paid.

Following his arrest last week and at the asserted advice of Foster Curry, camp manager, Gul entered a plea of not guilty and demanded a trial by jury. After a consultation between Forest Ranger E. R. Son, who made the arrest, and Manager Curry he went to court and changed his plea Wednesday.

Both Mr. and Mrs. Curry accompanied Gul to court to explain that he had been raised in the mountains and was extremely careful about fires. Mr. Curry admitted having directed the youth to burn off grass near the camp plunge and declared that he had believed he was carrying out the wishes of Ranger Son in so doing.

Mr. Son stated in court, however, that when he reached the scene of operations the fire had gained such headway that the surrounding forests were menaced and that Gul was armed with nothing more formidable than a small-sized garden hose to prevent its spread.

UPLAND-ONTARIO CLEARINGS DECREASE

Clearings at the Upland banks showed a slight decrease during the last two weeks as compared with the same period a year ago, according to a report issued today. Figures for the two weeks ending September 4 showed clearings of \$463,436.48, as compared with \$527,403 for the same period in 1927. A similar decrease in figures is also reported for the Ontario banks.

"IKES" DISCUSS CLOSED SEASON

Old Baldy Chapter Members Meet, Hear Reports, Invite Speaker

Closing of the hunting areas and fishing streams does not please local sportsmen and action of county officials in using this method of fire protection was discussed at the meeting of the Old Baldy chapter of the Izaak Walton League of America in the American Legion clubhouse Wednesday night.

Very little business was before the "Ikes" and it was almost 9 o'clock before the meeting was called to order. An informal discussion and an ice cream treat kept the members outside of the building in the open air until Dave Vasbinder, president opened the session.

Mr. Vasbinder reported on a recent council meeting at Riverside.

Winfield Scott, representative of the national Lumber Manufacturers' association, was asked to speak here at a dinner-meeting of the group.

L. H. BALL TAKES VAN NUYS POSITION

Lawrence H. Ball, linotype operator of The Upland News, has been engaged in that capacity by the Van Nuys News, going there the first of this week. W. E. Westland, former owner of The Upland News, is part owner of the Van Nuys paper.

Mr. Ball went to Van Nuys Monday to assist Mr. Westland during the vacation of one of the employees. His services so impressed Mr. Westland's associates that Mr. Ball was offered a permanent position.

CHARLEY'S IDEA OF A VACATION

What is a vacation for one person may be a bore to others. The most enjoyable recreation for the Republican vice presidential nominee, Charley Curtis, is attending a county fair, where they also have horse races. When he was a boy he was a jockey.

RUPTURE SPECIALIST COMING SATURDAY

Dr. T. V. Stokes of Los Angeles will be in Pomona at the Pomona Hotel, Saturday, September 8th, from 9 a. m. to 5 p. m. Dr. Stokes is representing the Seely Company of Philadelphia and London. He is here for the purpose of demonstrating the new Flexible Spermatic Guard, which is the latest improvement in connection with Dr. Seely's famous rupture cure.

These demonstrations are entirely free, and those suffering from rupture are invited to call without feeling obligated in the least. Dr. Stokes says the new Guard is guaranteed to hold any rupture, large or small, and will close the opening in the average case in 30 days.

England gave this Guard the only award out of 60 contestants for producing results without surgery or medicine.

Dr. Stokes has permanent offices at 1032 Loew's State Bldg., Los Angeles.

Mine To Be Opened

Perhaps the ghosts of the Forty-niners are walking about the old El Dorado canyon mine, 38 miles from Las Vegas, where two carload shipments of building materials arrived recently from the Whiting-Mead company of Los Angeles, preparatory to re-opening the old shafts which once glittered with gold.

One time a scene of feverish activity, this picturesque old mine has been abandoned for more than 75 years when the El Dorado Development Company took it over and made plans for re-opening the works. It was in 1850—the year after the big rush—that the mine was first opened. But the vein was not rich enough to make it pay with the machinery then in use, so it was abandoned about a year later.

Improved methods and the use of modern machinery permit the profitable working of mines now which could not be made to pay by old methods. For this reason the owners have confidence in the possibilities of the old mine when worked by modern, scientific methods.

Local Hunter Pays \$25 For Privilege of Shooting Dove

It was an expensive dove which Y. Kamio, employed in the vineyard districts hereabouts, bagged over the week-end.

Kamio was arrested by C. L. Savage, state deputy fish and game commissioner, who reported that at his approach the hunter "ditched" his gun and joined a nearby party of laborers. When Savage picked up the firing piece and started away, however, Kamio promptly claimed his property, but asserted he had only been hunting rabbits.

A search of the man's car disclosed one lone slaughtered dove, an when Kamio was unable to produce a hunter's license, he was brought before Judge George R. Cane, where he pleaded guilty and paid a fine of \$25.

At the Churches

UPLAND PRESBYTERIAN CHURCH

Dr. R. C. Stone, Pastor
The pastor will speak in the Upland Presbyterian church next Sabbath, both morning and evening. Morning subject, "No Horizon." The evening subject, "The Greatest Born of Woman." The Sabbath school meets at 9:45 a. m.
The C. E. meets in the evening at 6:00.
Prayer meeting Wednesday evening at 7:00. Subject, "Job's Afflictions."

FIRST CHURCH OF CHRIST SCIENTIST

Corner Euclid and G Street, Ontario
Services every Sunday morning at 11 o'clock and Wednesday evening at 8 p. m.
"Substance" will be the subject of the Lesson-Sermon next Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston Mass.

The citations which comprise the Lesson-Sermon include the following Bible verses from Proverbs, 8: "Doth not wisdom cry? and understanding put forth her voice? Riches and honor are with me; yea, durable riches and righteousness. My fruit is better than gold, yea, than fine gold; and my revenue than choice silver. I lead in the way of righteousness, in the midst of the paths of judgment. That I may cause those that love me to inherit substance; and I will fill their treasures."

include the following passage from the Christian Science text-book, "Science and Health with Key to the Scriptures" (p. 335): "By Mary Baker Eddy: 'Spirit is the only substance, the invisible and indivisible infinite God—things spiritual and eternal are substantial. Things material and temporal are insubstantial.'"

FIRST MENNONITE CHURCH

Lester Hostettler, Pastor
Sunday school at 10:30 a. m.
Preaching service at 11:00 a. m.
Dr. F. L. Eby of U. C. L. A. will preach at the morning service.
C. E. societies meet at 7 p. m.
Dr. M. E. Hill will speak at 7:45 p. m. Sunday evening.
Mid-week prayer meeting Wednesday at 7:30 p. m.
Everyone welcome.

BETHANY UNION CHURCH

San Antonio Heights
The Sunday service will be in charge of Dr. James Stavely of the First Methodist church, Junior Christian Endeavor, 9:15.

"BOIL WATER" WARNING BY SAN ANTONIO COMPANY

ANALYSIS SHOWS STREAM WATER TO BE CONTAMINATED

Supply Taken From Canyon to Meet Demands of Heights Consumers

Analysis of the water supplied residents of San Antonio Heights shows that "it is more or less contaminated," and officials of the San Antonio Water company today warned consumers to "boil the water."

The company serves a large number of residents in the upper end of Euclid avenue, and Albert C. Reynolds, manager, issued the following statement:

"Due to light rainfalls this winter, the flow from the San Antonio tunnel is much less than usual. The tunnel water is used to supply domestic consumers of San Antonio Heights and there is an excellent quality of water for that purpose. The supply of this water has become so low that it does not meet the demands and the supply has to be added to by water from the San Antonio canyon stream."

"As stated in circular letters to consumers, the stream water has been analyzed and found to be more or less contaminated and the company felt it might be dangerous to be used for domestic purposes without being boiled."

"The company has no source of supply available for the San Antonio Heights residences. This condition will continue until the winter rains increase the flow in the San Antonio tunnel."

6,219 People Visit the Canyon Resorts Over the Holiday

Seventeen hundred and forty-six motor cars carried a total of 6,219 persons to the resorts of San Antonio canyon over the past week-end, a new record for Labor day vacationists, according to figures just made public by Forest Ranger E. R. Son.

Although this is not the largest crowd to visit the local canyon at one time, it is said to hang up a new record for this season of the year.

It is the occasional low winter snowfall which takes the real crowds into the mountains.

Air races at L. A. start tomorrow.

Chaffey Bus Schedule

Chaffey buses will start operation Tuesday morning, September 11. Students are asked to locate their nearest bus and be at the corner on time. Complete schedules are:

Fontana—Route 1
Fontana pick up on Merrill west of Citrus, William Bodner driver of Ford, 7:10.

Ontario Citizen Protests Against the Spraying Ordinance

Uplanders who engage in the spraying of citrus trees and others will be interested in the announcement that an Ontario city ordinance regarding the license for spraying outfits has been referred to the police commission of the neighboring city for recommendations in regard to its revision.

This action was taken when A. H. Magill, prominent Ontario spraying contractor, appeared before the city council to protest against the ordinance, which permits concerns and individuals having but one spraying rig to operate free of charge, but exacts a license fee from those operating more than one rig. Mr. Magill pointed out that several persons using only one rig could wreck the business of a larger concern.

Witness in Kelley Trial Has Visited in Upland Often

Frank Mellus, whose wife was murdered almost a month ago and who is a witness in the spectacular trial of Leo Kelley, charged with killing Mrs. Mellus, has been in Upland several times and is a special friend of Perry Long, it was revealed today.

Seventeen years ago Mr. Long, veteran Upland barber, competed with Mr. Mellus in trap shooting in Los Angeles and their friendship has continued. Since the murder occurred Mr. Long has referred to scores made by the two in trap shoots on the Los Angeles and Upland gun fields.

Valencias Move More Briskly From the O. K. Exchange

Shipments of oranges and lemons from the Ontario-Cucamonga exchange last week totaled 41 and this week saw 4 rolling out. For the period ending last Saturday the movement from this area was 2 of Valencia and 39 of lemons, while for the six days ending tomorrow the figures will be 10 Valencia and 37 lemons.

California Valencia oranges made somewhat of a recovery in last week's auctions. Market's are good this week for both the Valencias and lemons.

September will bring brisker movement of the Valencias. On the first of the month they were still to be moved from the O. K. exchange 150 cars. These will go out in the next six weeks.

BUSINESS ASSOCIATES

"Who's the swell guy you was just talkin' to?" asked Tony the bootblack.

"Aw, him and me's workin' together for years," answered Mickey, the newsboy. "He's the editor of one of me papers."

Women! Avoid Wrong Permanents

Lasting harm may result from the wrong method of permanent waving. The Eugene method is your guarantee of satisfaction.

FALLIS BEAUTY SHOP
Mrs. "Brownie" Marshall

MORE PEOPLE ARE COMING TO UPLAND

Influx of New Residents Is Shown in Utilities Figures

Vacation is over and the fall influx of residents to Upland has started. This is evidenced in many cases, but the report issued by the Upland Business Men's association today reveals that twice as many persons have either moved here or returned from vacations during the last two weeks as is usually the case.

Thirty-six new connections for utilities have been made in that period by the public service corporations, the association said in its semi-monthly bulletin. The bulletin usually lists not more than 20 names of persons receiving connections.

Another indication of the popularity of Upland and its increasing population is the scarcity of houses for rent, as reported by the local realtor. Every week many people are unable to find a suitable house for rent. This is a condition that generally occurs later in the year. The early arrival of the scarcity is an indication of the progress this city is making in adding new residents, according to civic leaders.

THAT'S ESSENTIAL

"Yesterday you were not at the office, saying you were ill, and I saw you on the street."

"Yes, I was going for the doctor."

Famous words: "Let's play house."

ONTARIO SCHOOLS GET LOCAL WOMEN

Four Uplanders Engaged For Classes—School Will Start Next Week

Four Upland women are included among the list of teachers in the Ontario schools, according to an announcement made today. The Ontario schools open next week.

Geraldine Norton will teach in the kindergarten at the Central school and Gertrude Eymann will have a place in the Mexican school.

For her first year Rhoda Widmer will be in charge of the physical education activities in the grammar schools while Julia Andrews Peters is connected with Chaffey Union High school.

AUTO SUGGESTION

"What shall I do to keep from falling in love?"

"Try pricing apartments." — Montreal Star.

PASTOR'S HANDSHAKE LOOKS SUSPICIOUS

The other day J. F. Anderson was standing on Second avenue talking to a couple of friends. Just then Dr. Jas. A. Stavely, Upland pastor, happened along, and Fred introduced them to the minister, who gave the men a friendly handshake and greeting.

After Dr. Stavely left one of the couple turned to Mr. Anderson and said: "What office is he running for?" When told that it was one of the pastors of the city the questioner decided it was "one on him."

School Opening Specials At Hallum's DOLLAR Dept. STORES

139 No. Euclid Ave., Ontario

Formerly Occupied by Gemmel's Mission Pharmacy

Patrons AND Friends

We surely want to thank you, one and all, for the wonderful way you co-operated with us in putting over our Grand Opening last Saturday!

My! But didn't we have a run of visitors all day and until we closed at ten o'clock Saturday night!

More of our stock of Wonderful Bargains which missed our Grand Opening have arrived and await your approval.

Has Close Escape In Mountain Fall

(From the Glendora Press)

After rolling down a mountain side for approximately 300 feet after a loose rock gave way beneath her, Mrs. G. S. Gunderson, wife of the foreman of the fish hatchery at Sycamore Flats, saved her life last Friday afternoon when she made a lucky grab at a stout bush. With her three children, Mrs. Gunderson left early Friday for a hike toward Bear canyon, and while climbing a steep embankment a rock on which she stepped gave way with her. Mrs. Gunderson was heading for the bottom of the canyon, which meant almost certain death, when she grabbed hold of a bush which proved to be solidly rooted and clung there until her husband, who was notified by the frightened children, came to her rescue.

Mrs. Gunderson sustained painful bruises and serious lacerations about the body which have confined her to her bed. She is also said to be suffering from shock. Reports from Coldbrook camp say that her escape from more serious injury and possible death was nothing short of miraculous.

ONE AT A TIME

"May I have a private bath?" "Yes, sir. We have only one bath, but everyone here takes his bath privately."

Soos Creek Susie was feeding sugar to a nice little pig. "What-cha doin' that fer?" her pa shouted. "Fer medicine, of course; ain'tcha never heard of sugar-cured home?"

September's warm.

HATS OFF TO THESE GIRLS

(Claremont Courier)

All honor to the Whinery sisters, who conduct the Blue Diamond cafe. They have made money in their modest business and saved it. It hasn't gone for Paris heels and lipstick.

This spring they bought the old home from Hugh Shaw at Seventh and Yale. It was a large affair on a very large lot, but dingy and ancient in appearance.

By the assistance of O. P. Speirs and some \$3,000, they have "done it over" completely, and painted it white. The gingerbread exterior ornamentation so popular in the generation past is no more.

There are a dozen rooms in the house, for it is to house a large family—the parents and also a sister, Mrs. Jarvis, with two sons.

HELEN WILLS TO AID HERBERT HOOVER

Aroused to enthusiasm because of Herbert Hoover's acceptance speech statement in which the Republican candidate said that he wished to carry "the spirit of the nation's youth into government," Helen Wills, woman tennis champion, has accepted the chairmanship of the sports division in the New York State Republican campaign.

The young girl champion volunteered for Republican service to Mrs. F. Louis Slade, head of the women's division, declaring that Hoover came nearer to being the ideal of youth in this country than any presidential candidate in history.

Student Body Increase at Chaffey H. S. and J. C. to Bring Additions to Faculty

With the increase in the number of students at Chaffey Junior college will come an increase in the faculty as well. The complete list of the faculty, including the office force and those in charge of the buildings and grounds is as follows:

Merton E. Hill, B.S., A.M., Ed. D.—Principal. Graduate L. A. State Normal; Pomona College; University of California.

Charles J. Booth, B.S., M.S.—Dean; University of California.

Pearl E. Clark, B.A., M.A.—Dean of Women; University of Montana.

Ernest W. Fischer, B.A.—Vice-Principal; Pomona College.

Walter A. Hall, B.S.—Vice-Principal; University of Southern California.

Mrs. Susan Mehl, B.A.—Dean of Women, High School; Pomona College.

William W. Cushing, B.S., M.S.—Vice-Principal Evening Schools; Drury College.

F. E. Chaffee—Business Manager; Wheaton College; University of Chicago.

George P. Weldon, B.S., M.S.—Agriculture, Director Department of Adult Education; Colorado Agricultural College.

Charles A. Perrin, B.A.—Agriculture, Supervisor Chaffey Projects; Pomona College.

Howard R. Stanford, B.S., M.S.—Plant Pathology, Biology; University of Illinois.

Harry Alter, B.S.—Agriculture Oregon Agricultural College.

F. M. Watenpaugh—Commerce, Manager Book Store; St. Grand Island College.

Mary G. Stempel, B.C.—Commerce; Gustavus Adolphus College.

Olive Cameron, B.A.—Commerce; Hamline University.

Harold Wilson, B.S.—Commerce; Oregon Agricultural College.

Charlotte Reed—Art, drawing; St. Art Academy of Cincinnati.

Lela McClelland—Art, drawing; Gr. Pomona College Department of Art.

Lois Le Baron Avery, B.A., M.A.—Public Speaking; University of Michigan.

F. F. Palmer, B.A.—English; Pomona College.

Mary Plant, B.A.—English; University of Michigan.

Mabel Stanford, B.A., M.A.—Journalism, Supervisor Publications; Pomona College; Stanford University.

W. H. Kegley, B.A.—English; Coe College.

Mrs. Mabel C. Nissley, B.A.—English; Pomona College.

Mrs. Faye Hall, B.A.—English; University of Southern California.

Richard Smith—Supervisor of Floriculture.

*Absent on leave.

California's Sunshine and Mild Climate Give Children Advantage Over Easterners

SACRAMENTO.—The children of San Bernardino county average taller and heavier for their age than American children generally! So declared Dr. Ellen S. Stadnauer, chief of the State Bureau of Child Hygiene, following the examination of thousands of school children and pre-school children entering classes for the first time this year.

For "sun-made" children as well as "sun-maid" raisins are a part of old Sol's California crop.

The growing season for boys and girls in this state is during the spring and fall, the bureau chief announced, for the long rays of the sun make for longer bones and bodies.

During the winter months children frequently take on more weight, but they do not show the increased inches when stood up against the notched door facing that they do during the spring and fall, the child expert observed.

"California's children are taller and heavier than Eastern children of the same age," she claimed after carefully comparing growth tables compiled in this state with those of other states.

"The perpetual sunshine and mild climate of California are credited by child specialists with this greater growth, the state's child health director insisted. "The fact that climatic conditions in this state permit children to play out-of-doors all the year around affects both their height and weight."

"But due to this very activity, San Bernardino county children are of a rangier build," the doctor explained. "That is, they are taller for their age than eastern children, and they are heavier for their age, but comparatively they are not as weighty for their height."

Steam-heated apartment house living, combined with hearty eating is blamed by the state's hygienist for the extra avoirdupois acquired by children in the colder regions of the United States.

"A race of giants is not the

objective of the Bureau of Child Hygiene," the chief asserted, "but the production of strong, well-formed men and women."

"With right feeding and sunshine, rickets and malformed bones are disappearing among children in this state," the health worker announced, outlining the outlawing of rickets completely as one of the bureau's goals.

Children in San Bernardino county play harder than they work in the opinion of the bureau chief, who thus accounts for the fact its children do not grow as fast during the summer vacation months as they do during school days. "Also, school brings a greater regularity of sleeping and eating in a child's life and thus instead of diminishing his or her growth, it actually promotes it," she said.

POVERTY VS. WEALTH

(From the Corona Daily Independent)

Is it "Hell to be Poor?" asks Editor R. T. Baldwin of The Upland News—and if he means us, we don't know how much hell it is to be rich so can't make much of any comparison.

UNITED STATES TIRES ARE GOOD TIRES

Do you know the price range of the Packard Eight?

THE PACKARD EIGHT is available in forty distinguished standard and custom body styles, priced at Detroit from

\$3450

IT IS from \$3450 to \$3850 at the factory for the Standard Eight—from \$3875 to \$4550 for Packard's own custom models.

Aren't these prices lower by many hundreds of dollars than you had thought?

Packard has placed the superb new Packard Eight within the reach of additional thousands of motorists. For while this great car has been constantly refined and developed since its introduction in 1923, a growing demand and increased manufacturing facilities have made possible marked reductions in price.

For example, the Seven Passenger Sedan in the Standard line sells today at a price which is lower than the introductory figure of 1923 by \$1150—while in the Custom line it lists at \$450 less. And the car is by far the finest Packard has ever built.

Is it any wonder that Packard Eight production has been doubled during the past five months to satisfy the new demand?

When may we serve you? Our payment plan is business-like and liberal—so is our appraisal of your present car.

Attracting a great crowd of Sunday pleasure seekers along the Nineteenth street highway Sunday afternoon to the scene of the conflagration close by, one of the hottest fires of the season completely destroyed the great barn at the home of A. H. Bridge on Carnelian street, and only the strenuous efforts of the Alta Loma fire department, called at once to the scene of the blaze, saved the close adjoining home and other buildings from the spreading flames. About 3 o'clock Mr. Bridge, happening to glance from a rear window, discovered flames shooting up through the roof of the big structure, which not only housed the family automobile and a well-equipped supply office for the needs of the big estate, the George Hamilton groves, but was stacked with cut and dried eucalyptus wood for the coming winter. Contents of the barn including the machine, were a total loss, covered, however, by insurance. When the six-room pretty home was in danger of being swept away in the path of the flames, spectators helped carry contents of the home to places of safety, and when the peril was over, returned them to the house, a kindly and helpful aid that was greatly appreciated by Mr. Bridge and his family.

Origin of the fire is still a mystery today, unless from crossed wires, or possibly, owing to the extreme heat of the day, from spontaneous combustion. Mr. Hamilton, who resides in Claremont, while his son-in-law Mr. Bridge, looks after the local property, was in Long Beach vacationing over the week-end holiday with his family and knew nothing of the fire until his return Tuesday morning.

Stabbing Fracas Brings Cucamonga Resident to Court

Charged with assault with a deadly weapon as the result of a stabbing affray in a Cucamonga pool hall, Arcadio Rameriz, 29, of Cucamonga, is slated to appear before Judge George R. Crane next Tuesday for preliminary examination. Rameriz was arrested at his home by Chief of Police J. F. Sawyer after Lucio Lopez, 23, one of his victims, had sworn to a complaint. Lopez recited that when he and Frank Mora, 21, entered the pool room, Rameriz was attempting a strong-arm exhibition by hoisting a heavy barber chair over his head, but, suddenly wearying of this amusement, drew a knife and attacked the two youths, inflicting severe stabs and cuts. Lopez and Mora were given surgical attention at the San Antonio Community hospital by Dr. A. L. Weber. Nothing warms the congregation like solid facts from the pulpit.

Fifty Upland Fire Fighters Conquer Blaze That Menaces Red Hill Sycamore Trees

Fire of unknown origin which wrought little actual damage, but which seriously threatened some fine old sycamore trees in the vicinity of Red Hill Country club, swept over something like 100 acres of brush in the northeastern portion of the city and beyond the corporate limits Sunday.

The fire started in dry brush and grass just east of Campus avenue. Fifty men, working under the direction of Charles V. Benson, acting in the absence of Fire Warden F. H. Manker, finally succeeded in bringing the fire under control some five hours after it started at shortly after 2 p. m.

A carelessly tossed match or cigarette butt is believed respon-

sible for the blaze, although the theory was advanced that a fire bug might be at work when a second fire was discovered in grass on the south side of San Bernardino road between the San Antonio Community hospital and the municipal auto camp. The latter blaze was extinguished without damage.

Mr. and Mrs. F. E. Confer and Mr. and Mrs. Elmo Steiner returned home last Sunday night from a month's motor trip of over 6000 miles, going back to Mason City, Iowa, where they visited relatives. Coming back by the way of Yellowstone Park, they stopped in Montana, Oregon and California to visit relatives on the way home.

In 1922 the railroads of the United States carried more than 1023 million tons of freight—one-half of their traffic was products of mines, one-ninth of it was farm products and one-fifth of it was manufactured products.

John W. Swoap, 604 East Tenth street, a foreman for Garrett & Co., Cucamonga district vineyardists, suffered a painful injury to his left elbow over the past week-end when he bruised the member while loading some boxes of grapes.

It was at first feared that he had sustained a fracture, but X ray pictures taken at the San Antonio Community hospital failed to reveal a break. He was

attended by Dr. A. L. Weber. Among those who motored to Wilmington Monday morning to bid "bon-voyage" to Miss Elizabeth Hawkins, who was sailing on the S. S. Mongolia for New York, were her parents, Mr. and Mrs. A. M. Hawkins of West Thirteenth street; Mr. and Mrs. Thomas Brunk, Mrs. Lucy Jorgenson, Miss Nellie Topf, Miss Elizabeth Craig, Paul Bodenhamer and Irving Rule. Miss Hawkins is going East to attend Columbia for the coming year, where she plans to specialize in journalism. The voyage is being made through the Panama canal and a stop of several hours will also be made at Havana, Cuba.

Twelve Students of Chaffey, With C. A. Perrin as Leader, Are Attending State Fair

BULLETIN

Charles A. Perrin, back today in advance of the agricultural aggregation, brought word that the Chaffeyites again distinguished themselves by capturing first honors in judging contests at the State Fair.

Twelve agricultural students of Chaffey high school and junior college, under the leadership of Charles A. Perrin, their instructor, are at present enjoying an unusual opportunity to secure some intensive instruction in stock and horticultural judging while attending the estate fair at Sacra-

mento. Early in the week the party left for the north to be guests at Camp Lillard, adjoining the fair grounds, which is annually thrown open to agricultural students.

Accompanying the boys are also two of their fathers, A. E. Tate and Lynn Birdsall. The students numbered Howard Hawkins, Howard Larson, Raymond Lamb, Robert Lutz, LaVern Leaman, Harry McKinney, John Tate, Charles Birdsall, Leonard Hibbs, Harold Dutton, Lester Palmer and John Merkel. None of the boys has visited previous state fairs.
